NO. 129—FIFTY-SIXTH YEAR | VICTORIA, VANCOUVER, ISLAND, BRITISH COLUMBIA, TUESDAY, MAY 12, 1914 | FOURTEEN PAGES

MUCH BUSINESS IS TRANSACTED

House of Commons Commences Morning Sittings and Clears Many Items From Orders of the Day.

INDIAN RESERVE QUESTION DEBATED

Some Opposition to Reimbursement of Farmers Bank Depositors—B. C. Representation in the Senate.

OTTAWA, May 11.—With three sittings, morning, afternoon and night, the House today succeeded in doing the biggest day's work of the session. There was a good attendance of members, including two who have been absent for some time. These were Hon. T. W. Crothers, who is just recovering from a serious illness, and Mr. Wm. Martin, of Regina, who made his first appearance this session and whose absence has also been due to ill-health.

Many bills were disposed of during the day, including the amendments to the Dominion Lands Act. When this was considered, Hon. Dr. Roche announced that he had given favorable consideration to the request made by Mr. Wm. A. Buchanan, Mr. W. E. Knowles, Hon. Frank Oliver and other Western Members, that the payment of interest should be abolished in connection with the purchase of pre-emptions. It had been decided, he said, to collect interest only on payments in arrears.

Farmers' Bank

When the resolution providing for the reimbursement to the depositors in the Farmers' Bank of money lost was brought up, Hon. W. T. White announced that the reason this action was taken was because there had been negligence on the part of the Treasury Board in connection with the issuance of the certificate. This was denied by Sir Wilfrid Laurier and several Liberal Members, who said that the worst that the Hon. W. S. Fielding could be accused of was an error of judgment. Mr. Duncan Ross, of Middlesex, urged that the shareholders as well as the depositors, should be considered. Hon. Mr. Lemieux demanded that similar treatment be extended to the depositors of several Quebec banks which have failed.

A feature of the debate was the announcement of W. F. Nickle, Conservative, of Kingston, that he was opposed to the legislation. He maintained that it would set a bad precedent, and that the failure of the bank was due entirely to bad management.

There was a long discussion on the bill to amend the Indian Act, which was finally disposed of, Hon. Mr. Martin Burrell's cold storage measure being then taken up. Hon. Frank Oliver criticized this bill as being too indefinite. Mr. Carroll, Cape Breton, said he preferred the bill introduced by Mr. Geo. Bradbury earlier in the session. He urged that portions of it be inserted in the Government bill.

Hon. Arthur Meighen gave notice that he would introduce a bill relating to co-operative credit societies.

British Columbia Senators

At the morning sitting a resolution to increase the representation of British Columbia in the Senate from three to six Members was introduced by Premier Borden.

Sir Wilfrid Laurier, speaking in favor of the increase, said he feared Parliament had no authority for making increases in British Columbia and Manitoba. The proper way to proceed was to address the British Parliament asking authority to create a senatorial group of twenty-four for the four Western Provinces similar to the three groups in the East.

Mr. Borden said he would consider the view taken by Sir Wilfrid Laurier, and suggested that in the meantime the resolution should pass and the matter receive further discussion when the bill is introduced.

Sir Wilfrid Laurier agreed.

Canadian Northern

The Canadian Northern resolution will not be taken up before Wednesday. It is expected that not much time will be spent on the measure in the resolution stage. The full dress debate will be reserved for the second reading of the bill, when it is expected that Sir Wilfrid Laurier will move that it be referred to a special committee of the House with power to summon witnesses and examine them under oath.

MME. NORDICA DEAD

Great Singer Passes Away at Batavia, After Long Illness Caused by Hardships in Wreck

BATAVIA, Java, May 11.—Mme. Lillian Nordica, the singer, died here last night.

Mme. Nordica had been ill since the steamer Tasman, on which she was a passenger, went ashore on Bramble Bay, in the Gulf of Papua, December 28 last. Nervous prostration was followed by pneumonia.

The Tasman was floated in three days and put into Thursday Island. There Mme. Nordica was placed under the care of a physician, who remained in constant attendance upon her until April 1, when she sailed for Batavia. It was against the advice of her physicians that she made the trip.

Arriving here the singer seemed very ill, but recovered somewhat after a stay of three weeks. The improvement, however, was only temporary.

It was the intention of Mme. Nordica when she came here to sail for Genoa, where she was to meet her husband, George W. Young, a New York banker. She already had taken passage for the voyage when the relapse occurred.

PARISH PRIEST SUSPENDED

Father Loiselle, of Essex County, Falls Under Displeasure of Bishop Fallon, of London

WINDSOR, Ont., May 11.—Rev. Father Loiselle, parish priest at Riviere Canard, according to a report here, has been suspended indefinitely by Bishop Fallon, of London, because, it is said, he refused to give testimony in a clerical case which arose out of the bilingual school controversy before the diocesan court. Father Loiselle is understood to have declared that it is an incompetent court.

According to Father Loiselle, he and other priests were ordered to appear in London on Friday, which they did, to testify before the diocesan court. When asked to take the stand, the report says, they refused, and as a result Father Loiselle was suspended and other priests reprimanded.

It is said that Bishop Fallon was ordered to have the case tried before the court of the Rota at Rome. Before going to Rome, it is said, he wanted the priests to give evidence before a court called together by himself. It is also said he desired Father Loiselle to withdraw two affidavits to which he had sworn, which were to be placed before the court in Rome.

SASKATCHEWAN CROPS

Eighty Per Cent of Wheat Seeding Done and Many Fields Showing Green —Snow and Rain

REGINA, May 11.—Eighty per cent of the Saskatchewan wheat crop and five to ten per cent of the oat crop acreage have been seeded.

The percentage seeded to those grains in the southeast and northeast of the Province is not so high, owing to intermittent snow and rain from the first of the month, causing cessation of work for about ten days.

West of Moose Jaw the rainfall has done very much good, but on the lighter land more rain would be beneficial. Although the weather generally over the Province has been cold, the crop has made good progress in the west and north, as much as thirty per cent of that sown showing green.

ROYAL VISITORS ARE WELCOMED

King and Queen of Denmark Pay State Visit to British Sovereigns — Suffragettes in Theatre.

LONDON, May 11.—London was turned with dramatic swiftness from a memorial service to the late Duke of Argyll to rejoicings at the arrival of the Danish King and Queen on their accession visit. The streets were gay with flags.

The Prince of Wales went to Port Victoria to welcome their Majesties when they landed, and the vessels of the fleet assembled there paid them the usual honors. On their arrival in London they were met by King George and Queen Mary, who awaited them at the Victoria terminus.

For the present Their Majesties are occupying the Belgian suite in Buckingham Palace. The State visit will end on Wednesday, and the royal visitors will then become the guests of Queen Alexandra at Marlborough House for a few days.

Suffragette Rowdyism

The roiay opera house, Covent Garden, was commandeered this evening by King George for a gala performance in honor of the King and Queen of Denmark. The programme consisted of scenes from "La Tosca," "La Boheme" and "Aida." The singers included Melba and Emma Destinn.

The scene, which was of gorgeous brilliancy for a time, was marked by a suffragette demanstration. During an interlude a suffragette arose in the balcony and shouted:

"King George, women are being tortured in your dominions."

Two men sitting near by seized the disturber and dragged her outside, while other men were ejected who, with her, started "demonstrating." They shrieked, kicked and clawed as they were being carried from the building. Meanwhile other suffragettes in the gallery above the royal box threw down a great quantity of suffragette leaflets.

King George and Queen Mary, with their royal guests and thirty other members of royalty, occupied a box in the centre of the house, with members of the diplomatic corps and their wives on one side and the Cabinet Ministers and their wives on the other. The greater part of the other boxes and many of the stalls were occupied by guests of the monarchs, so that the general public had to be content with the upper galleries.

Brilliant Scene

White and scarlet, the Danish colors, predominated in the decorations. In the extreme corners were large golden cornucopiae, with masses of crimson roses falling from them. Suspended from these were two large festoons, reaching from the corners of the crown, composed of yellow flowers. The auditorium was decorated with crimson and pink roses.

His Majesty King Christian of Denmark has been appointed colonel of the East Kent Regiment, in succession to his father. Their Majesties the King and Queen will visit Aldershot on Saturday for a private visit for the purpose of witnessing the troops in training.

Will Welcome Delegates

OTTAWA, May 11.—The Government has been officially notified of the intention of the mediators in the United States-Mexican trouble to meet at Niagara Falls. It is the intention to officially welcome the delegates, but it has not yet been decided what Member of the Government will perform this duty.

Wife of German Chancellor Dead

BERLIN, May 11.—Martha von Pfuel Bethman-Hollweg, wife of the German Imperial Chancellor, Dr. Theobald von Bethman-Hollweg, died yesterday.

LOCKOUT THREAT BY EMPLOYERS

Ultimatum Is Issued by London Master Builders in Connection With Dispute Now in Progress.

APPEAL IS MADE TO FEDERATION

General Lockout Indicated, Which Would Affect Five Hundred Thousand Workmen—Conference Offered.

LONDON, May 11.—There has been a very serious development in the London building trades strike. The employers have issued an ultimatum that unless the men return to work within ten days on the terms recently rejected by the men on a vote of ten to one, a national lockout will be declared. It is declared that this will involve 500,000 men.

Two months ago the master builders demanded that the men sign an agreement agreeing to a monetary penalty in the event of unionists refusing to work alongside of non-unionists. The men solidly refused to sign. The masters thereupon declared a lockout, which has held up building operations representing $50,000,000, entailed a loss of $5,000,000 in wages and has reduced many of the families to starvation. Frequent efforts to arrange a settlement have been futile.

The National Conciliation Board intervened unsuccessfully, suggesting terms which the men declined. The London masters have now laid the case before the National Master Builders' Federation, who have decided that the London employers should accept a conference on the terms that "in the event of the employees refusing to accept the terms provided within the recommendation of the National Conciliation Board within ten days from such conference, a general lockout shall be declared."

This threat to resort to a national lockout, which would affect 500,000 men, is regarded as an ultimatum. The London men's union will meet immediately to consider the situation. Their action will certainly be governed by provincial representatives, as the Londoners are largely dependent on the funds of the provincial branches, which would not be available in the event of a national dispute.

Thrown From His Horse

LLOYDMINSTER, May 11.—A painful accident, terminating fatally, occurred here Saturday night, when Arthur A. Price, aged thirty-one years, employed on the McCormick farm, south of the town, was thrown from his horse through the animal becoming unmanageable. He failed to get clear, and, although the horse was stopped, and the man was not dragged, he was badly battered by the hoofs before he could be pulled away, and succumbed to his injuries.

Many Marriages Are Failures

CHICAGO, May 11.—One marriage in five is a failure in Cook County, according to figures of the divorce and marriage statistics bureau. Since January 1, 9,835 licenses to wed have been issued, and 1,970 divorce suits filed.

WEAPONS MUST BE SURRENDERED

Proclamation Issued by Federal Military Officers in Colorado, Under Authority From President Wilson.

ORDERS RELATING TO MINE OPERATION

TRINIDAD, Colo., May 11.—After 5 o'clock Wednesday afternoon all persons in the strike districts of Colorado who are suspected of carrying weapons will be searched and disarmed if weapons be found by the officers and soldiers of the United States Army. This order was issued to all commanding officers today by Colonel James Lockett, commanding the forces here, upon authority from President Wilson, conveyed through the War Department. A proclamation to that effect was published here late today.

Operation of Mines

Also a proclamation informing the mine operators and strikers as to the operation of mines in this district was published. This proclamation prohibits the operation of any mine which was closed as a direct and peaceable result of the order to strike issued by the United Mine Workers of America last September, but will permit any mine which was in operation on April 22 to continue in operation with all the men who were in its employ on that date. This proclamation was received well by all factions, particularly the strikers.

The Free Press, the organ of the local union, did not publish today a retraction of a statement that the Colorado Fuel and Iron Company had been hiding guns and ammunition, as had been demanded by the Federal commanders. A written form of retraction had been submitted to its editor by Major Holbrook. The paper, however, acting upon advice of its attorney, Horace W. Hawkins, published a statement quoting the military authorities as denying the previous article.

UPLANDS APPEAL CASE

Arguments Heard by Dominion Supreme Court and Judgment Reserved —Ground of Appeal

OTTAWA, May 11.—The case of Uplands Limited vs. Goodmore was heard by the Supreme Court today. The appeal was from the judgment of the Court of Appeal of British Columbia, which affirmed the decision of Mr. Justice Gregory, deciding an interpleader issue in favor of the respondent.

The appellants are the owners of a subdivision of lands at Cadboro Bay, on Vancouver Island, and made a contract with the Anderson Contract Company to construct large works in the way of improvements on the property in order to bring it on the market for building sites. The company became dissatisfied with the conduct of the appellants, were financially unable to complete the contract and notified the appellants that they had ceased work.

The principal questions of appeal are: Whether the contractors are insolvent; whether the appellants had in fact determined the contract, taking effectual possession of the property, and whether such possession as they had prevented the sheriff seizing the goods under the execution issued against the contractors. Judgment was reserved.

Nesbitt, K. C., for appellants; Ewart, K. C., for respondent.

FIVE MILLION SHINGLES

Large Order Received by Island Company From the East—Will Be Shipped via Panama

LADYSMITH, B. C., May 11.—The new Ladysmith Lumber Company has received an order for 5,000,000 shingles from an Eastern firm, and the work of cutting these has already been commenced in the company's shingle mill, which is located here. It is estimated that the work of filling the order will take about three months. The shingles are to be eighteen inches in length and nearly half an inch at the butt. They will be sent by way of the Panama Canal. The order is said to be one of the largest ever given for British Columbia shingles, but it is likely to be followed by others when canal traffic has been opened.

NAVY QUESTION IN NEW ZEALAND

Former Minister of Defence in Island Government Speaks of Dominance in Pacific—Empire's Burdens.

VANCOUVER, B. C., May 11. — Hon. Arthur Myers, of Auckland, N. Z., formerly Minister of Finance and Defence in the New Zealand Government, and still Member of Parliament for Auckland East, is in the city. Accompanied by Mrs. Myers and two children, they have just returned from a pleasure trip to England, and will sail on the steamship Niagara tomorrow for home. Prior to entering Parliament, Mr. Myers was four years Mayor of Auckland. He lost his portfolio at the time of the defeat of the Mackenzie administration over a year ago.

"Throughout what was necessarily limited observation during my trip across Canada, I was gratified to find a strong patriotic sentiment, which apparently pervades all classes, coupled with a feeling of nationality, which is also general, and which is the basis of the true Imperialistic spirit," he stated to a representative of The Colonist.

Dominance of Pacific

"The same condition, I am glad to say, is to be found in New Zealand. We are also building a nationality of our own, while Imperialistic sentiment is growing. I recognized at the time of the visit of the American fleet to our waters, and I feel it strongly now, that the most vital question before us is as to what should be the dominant power in the Pacific. The control of these waters should rest with the white races. The feeling is also strong in New Zealand in favor of keeping the country white. With these two considerations before us, and I believe they apply as strongly to Canada as to us, and taking a wide outlook of the future, I think it is time some definite action should be taken for laying the foundations deep for such a power as would be able ultimately to police the Pacific.

LANDS IN PENITENTIARY

Herbert Morse, Charged With Fraudulent Operations in Saskatchewan, Finally Goes Behind Bars

REGINA, May 11.—A striking example of the tenacity of the Mounted Police when once they get on the track of a criminal is shown in the case of Herbert Morse. It was over a year ago that he was charged with having committed several crimes of false pretences and fraud in the Province, and for the time being successfully evaded the efforts of the force to locate him.

Finally he was located in London, England, after an immense amount of work directed from the headquarters of the force in Regina, and was arrested by the Scotland Yard officials.

Inspector Newsome proceeded to London, claimed his man and brought him back to Saskatchewan. He was tried for several of the crimes and in some cases acquitted.

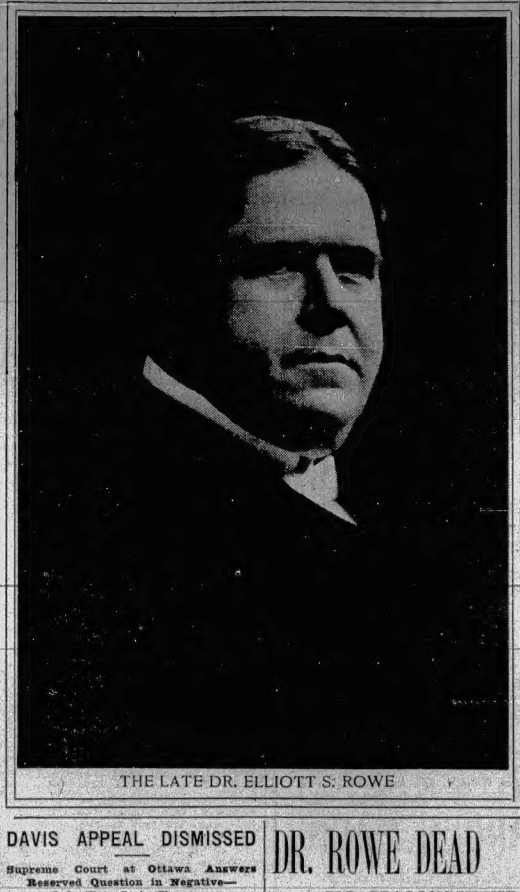

But last week he met his Waterloo in Arcola. Three charges awaited him, and on two of them he was acquitted, but on the third he was sentenced to four years in Prince Albert penitentiary.

Prince Henry's Visit

LONDON, May 11.—Prince Henry of Prussia, who returned to Germany today, inspected the naval air stations in company with Mr. Winston Churchill.

New Governor-General

LONDON, May 11.—Prince Alexander of Teck visited the Colonial office today in connection with his appointment as Governor-General of Canada.

THE LATE DR. ELLIOTT S. ROWE

DAVIS APPEAL DISMISSED

Supreme Court at Ottawa Answers Reserved Question in Negative—Only Hope Is in Clemency

OTTAWA, May 11.—In the Supreme Court this morning judgment was rendered in the criminal appeal from the judgment of the Court of Appeal for British Columbia in the case of Davis vs. the King, dismissing the appeal. The appellant was convicted, together with Herman Clarke, of murdering Police Constable Archibald in Vancouver. The appeal taken to the Supreme Court was on the question reserved by the trial judge: "Was Davis entitled to a separate trial, and did the judge properly direct the jury, especially in failing to caution them to be careful in considering the evidence of an accomplice?"

This question the Supreme Court answered in the negative. There is no hope now left for the two men except in an appeal for clemency to the Governor-General, through the Department of Justice.

Sir Edmund Osler Returns

TORONTO, May 11. — Sir Edmund Osler, M. P. for West Toronto, has returned home from Hot Springs, Ark., after a month's illness there. His condition, while improved, is such that it will be some weeks yet before he will resume his Parliamentary duties. Asked what his views were on financial conditions, Sir Edmund replied: "They will be no worse than last year."

COMPOSITION OF FRENCH CHAMBER

Some Changes Made by the Recent Elections in Republic—Socialists Gain and Briandists Lose Ground.

MAJORITY FAVOR THREE-YEAR SERVICE

PARIS, May 11.—As a result of the second balloting for Members of the Chamber, the new Chamber will be composed about as follows:

Extreme Socialists, 102; Independent and Republican Socialists, 30; United Radicals, 136; Independent Radicals and Republicans of the Left, 102; Democratic Alliance, 100; Progressives and Federated Republicans, 54; National Liberals, 34; Right, composed of Royalists and Extreme Conservatives, 26; Independents, 16.

Returns have not been received from two districts. Taking another form of grouping, The Temps gives to the Briandists (including a part of the Independent Socialists, Independent Radicals and Republicans of the Left), 177; Ministerialists (including United Radicals and Moderate Socialists and some Independents), 180; Extreme Socialists, 102; United Republicans and Progressives, 69; the Right (consisting of Conservatives, Royalists, Bonapartists, Catholics and some Independents), 72.

The Temps, analyzing the position of the Deputies, according to their pre-election declarations, places 308 out of 602 Members as in favor of the three years' military service, the others being designated as against such service or doubtful; 279 Members in favor of the income tax, and 352 for proportional representation. The Socialists' successes in the elections appear to have been due to their well-defined programme and adequate organization. The Radicals and other groups had almost as many platforms as candidates.

The Briandists, who include many brilliant men, lost ground by lack of preparation and general slackness in campaigning.

DR. ROWE DEAD IN VANCOUVER

Well-Known Secretary of the Tourist and Progress Organizations Passes Away After Lingering Illness.

VANCOUVER, May 11.—One of the well-known men of this city, Dr. Elliott S. Rowe, died this morning at his home, 2476 Sixth Avenue West, after a lingering illness. For the past seven years he has been connected with various city organizations as publicity commissioner.

Dr. Rowe came to this city in 1907 from Victoria, where he had been pastor of the Metropolitan Methodist Church. He immediately took over the office of secretary treasurer of the Vancouver Tourist Association, Limited, and when that body was re-organized as the Vancouver Information and Tourist Association he was appointed secretary and manager. As such he acted as official press agent for Vancouver, and through his efforts the organization accomplished much towards advertising this city.

In the year 1911 he became president of the Vancouver Ad. Club, and with the amalgamation of this club with the Tourist Association as the Progress Club the following year, Dr. Rowe was made commissioner, which position he held until that organization went out of existence a short time ago.

Dr. Rowe was born in Whitby, Ont., 54 years ago. He graduated from Victoria Methodist College, Toronto, as a master of arts and doctor of divinity. Before coming to the Coast he held pastorates in several churches in Toronto. A wife and two sons, James D'Arcy Rowe, 20 years of age, in the C. P. R. department of natural resources at Calgary, and Terence, 15 years, in attendance at the Langara School in this city, survive him.

The funeral will be held tomorrow at 2:30 p. m. from Center & Hanna's undertaking parlors under the auspices of the Masonic order, Acacia Lodge, No. 22, A. F. & A. M. A private service will be held one hour earlier.

A resolution of condolence with the relatives was passed by the Markets and Industries Committee of the City Council today. Ald. Enright recalled that he had been associated with Dr. Rowe ever since his own appearance in the City Council, and in all his work in connection with the Tourist Association and the Progress Club Dr. Rowe had put his whole heart and soul into his duties in the interests of the city.

Pioneer of Calgary Dead

CALGARY, Alta., May 11. — Robert H. Finch, known in Masonic circles throughout the West, a pioneer of Calgary, and who served with distinction during the Indian mutiny, is dead.

Section Foreman Dead

CALGARY, May 11.—P. Morrow, a section foreman of the Crow's Nest branch of the C. P. R., was run down and killed near Jerome today.

SERIOUS PHASES OF SITUATION

Diplomats at Washington Discuss Several Complications in Mexico While Peace Negotiations Are Halted.

LIGHTHOUSE SEIZURE AT LOBOS ISLAND

Action Taken by Fleet for Protection of Shipping—Reported Repulse of Rebels Attacking Tampico.

WASHINGTON, May 11.—While peace negotiations marked time, pending formal sittings of the South American mediators, to begin Monday, on Canadian soil, the mediators and officials of the State Department here today were occupied with several serious phases of the Mexican situation. Secretary Bryan called at the Argentine Legation and spent two hours in conference with the South American envoys, discussing the continued detention of John R. Stilliman, American vice-consul at Saltillo, by Mexican Federals, the reported seizure of Lobos Island, with its lighthouse, by American torpedo boats, and the case of the five South Americans under arrest at Vera Cruz for firing upon United States sailors and marines. Mr. Bryan insisted that the release of Mr. Stilliman must be brought about at once. He was gravely emphatic in announcing the Government's determination to have him freed.

To Protect Shipping

As to the Lobos Island incident, the secretary informed the mediators that Rear Admiral Mayo cabled tonight that the Mexican keeper deserted the great lighthouse on the island, and the destroyer tender Dixie was "maintaining it for the benefit of navigation."

In administration circles it is contended that if the seizure has been made it was not an act of aggression against Huerta, but merely a necessary step to protect shipping against possible disaster as a result of the closing of the lighthouse by the Federals.

Official representatives of General Huerta sailed from Vera Cruz today on their mission of peace to Niagara Falls, Canada.

The Representatives

Justice Lamar, of the U. S. Supreme Court, and Frederick W. Lehmann, former solicitor-general, were chosen by President Wilson as the American representatives. The representatives of Huerta are Augustine Rodriguez, Emilio Rabasa and Luisel Guerro. Ambassador Da Gama, of Brazil, Minister Naon, of Argentina, and Minister Suarez, of Chile, the mediators, tonight expressed satisfaction with the selection of the advisers for both Governments.

General Carranza and the Mexican rebels who seek Huerta's overthrow, will not be represented in the conference, according to latest advices. They will continue the war in Huerta's territory while the truce between the international disputants proceeds.

Disturbing elements continued to arouse interest throughout the day. General Funston at Vera Cruz was appealed to by the Brazilian Minister at Mexico City, to release some South Americans, including three Brazilians, who had been arrested and are awaiting trial for "sniping" American soldiers.

Reported Rebel Defeat

MEXICO CITY, May 11.—The rebels attacked Tampico on Saturday and were defeated with severe loss. General Ignacio Morelos Zaragozo, Federal commander at Tampico, announced a Federal victory in a message which he sent to the War Department today.

WASHINGTON, May 11.—All American citizens who will leave are now out of Tampico, Rear Admiral Mayo cabled the Navy Department tonight. The dispatch made no further mention of fighting reported to be in progress between the Federals and Constitutionalists at

Continued on Page 9, Col. 1

CAPTURED BY FRENCH

Important Town in Morocco, Some Distance East of Fez, Is Occupied —Tribesmen Suffer

PARIS, May 11.—The foreign office today received a dispatch from General Baumgarten, reporting that he had occupied Teza, Morocco, seventy-five miles east of Fez, with a loss of only four men killed and thirteen wounded.

The natives were surprised at the rapidity of the French operations. At first there was but slight resistance by the Beni Ojoum tribesmen, but they rallied outside the town and fought stubbornly. Their losses were heavy.

The capture of Teza is considered the most important step yet accomplished by the French troops in Morocco. The town is the key to the eastern approaches to Fez. Up to the present all expeditions into the interior of the country had been made from the Atlantic Coast. The occupation of Teza will permit the completion of the railroad from Oran, in Algeria, to Fez and bring Fez within sixty-two hours of Paris.

FIFTY YEARS AGO TODAY

(From The Colonist, May 12, 1864)

Murder by Indians—By arrival in town yesterday of the steamer Eliza Anderson, we learnt of one of the most fearful massacres of British subjects in these possessions. The painful news told that fourteen out of seventeen of Mr. Waddington's Bute Inlet Road company had been cruelly murdered by the Indians for pillage. Only three escaped with their lives. All were wounded and two are in the Royal Hospital. It appears that the Chilcoaton Indians had planned the massacre in the most cold-blooded way, shooting them while they were asleep in their tents. The names of the survivors are Peterson, Mosley and Buckley. Only one of the party murdered was married. The Chilcoaton braves which murdered the party are known as a bloodthirsty tribe, everyone of them being over six feet in height. They have many murders to their credit, having killed a party of nineteen a few years ago.

More Garnets—M. Jean Lamon, of Cowichan, has brought to town a huge lump of rock containing garnets, some of which are very large and fine.

Dinner to Colonial Secretary—A number of friends of Mr. W. A. G. Young met at the Colonial Hotel last evening to give him a farewell dinner.

Cedar Brook Whisky

Embodies the result of more than a century of effort to produce the best Whisky that grain can be made to yield.

Produced today, as in the olden days, by the famous sour-mash hand process, from the choicest grains and the purest spring water.

Matured by eight years' storage in the U. S. Government Bonded Warehouses—bottled in bond, and the Government stamp affixed to each bottle.

Pre-eminently purer and better, milder and mellower, richer and smoother than all others.

Cedar Brook Whisky

Reaches the consumer as pure and wholesome, and as delightfully fragrant as when it leaves the distillery.

TAKES EXCEPTION TO ALDERMANIC CRITICISM

Oak Bay's Reeve Says Alderman McNeill's Statements Are Both Misleading and Inaccurate.

Taking objection to certain statements which Alderman McNeill, in an interview in The Colonist of April 30, made relative to the necessity of a better understanding between the city and the outside municipalities and especially the need of an agreement whereby the three municipalities of Oak Bay, Saanich and Esquimalt, would be called upon to pay a larger sum for the benefits which, the alderman alleged, they derive from the city, Reeve Oliver, of Oak Bay, has written to the City Council. He points out where, in his opinion, the city Alderman is at fault and has made statements which are unfair. Reeve Oliver states:

"At a time when each municipality is expressing a wish that intermunicipal matters should be considered in a just and friendly spirit, it seems very inadvisable that a member of the City Council should interrupt the spirit by publishing statements as to the relations between the city and Oak Bay that are very unfair to the latter municipality and most misleading to the public."

Reeve Oliver then cites various inaccuracies contained in Alderman McNeill's statement, especially in regard to the payment for patients from Oak Bay treated in the Isolation and Royal Jubilee Hospitals, and also with regard to the arrangement with the city in respect to fire protection.

Cost of Water Supply

He also criticized Alderman McNeill, who stated that the city is supplying water to Oak Bay at six cents per thousand gallons at the Oak Bay boundary, while the city is paying that much to the Esquimalt Water Works Company and carrying the water across the city to the Oak Bay line. As a matter of fact, Mr. Oliver pointed out, Oak Bay pays the city ten cents per 1,000 gallons.

Further, the city Alderman had stated that Oak Bay and Esquimalt had contributed their share of the cost of the northeast and northwest sewer schemes, a statement which, Reeve Oliver, claimed, was most misleading. Oak Bay built the northeast sewer from the inter-municipal boundary to the sea at a cost of $142,268, and the city contributed as its share $65,000. That portion of the sewer belongs to Oak Bay, and at the present time the city owes Oak Bay $2,000 for its proportion of the cost of deepening the sewer from the inter-municipal boundary to Bowker Creek, a work done at the city's request and for the city's sole benefit.

In concluding, Reeve Oliver remarked: "Inter-municipal affairs are hard enough to settle without being complicated by unnecessary misunderstandings."

Alderman McNeill's Reply

When Reeve Oliver's communication was read at last night's meeting of the City Council, Alderman McNeill declared he was glad his remarks had stirred up the feelings of some of the city's neighbors. Oak Bay had not been the only municipality which had "squealed" because of his remarks. He declared there was but one inaccuracy in what he had said to The Colonist. He had there stated that the city was being paid 6c per 1,000 gallons for water. He had been so informed by a civic official, but he had since learned that Oak Bay was paying 10c. He was delighted to learn that the city was making some money out of at least one of its services, but it appeared to be the only one of which that could be said.

As for the hospitals, he adhered to his statements that the outside municipalities were not paying their full share. He was aware there were agreements existing fixing the amounts the outside municipalities should pay for hospital accommodation for patients and also for fire protection, but the arrangements were not fair to the city, and he proposed to shortly urge that these agreements be cancelled, with a view to the negotiation of more equitable ones.

On the suggestion of Alderman McNeill a committee composed of himself and Aldermen Todd and Cuthbert was appointed to deal with Reeve Oliver's communication and draft a reply.

NAVY QUESTION IN NEW ZEALAND

Continued From Page 1

Empire Burdens

"I believe that the Dominions of Canada, Australia and New Zealand—washed, as they are, by the same waters—should unite for this common purpose. No one more freely recognizes our indebtedness, past and present, to the all-powerful British navy, which has enabled us to carry on our necessary development, having reached manhood's estate. I believe most of our people desire that we should shoulder more of the burdens of Empire. Having regard to present conditions, it is not pleasant to think that our existence depends on a friendly treaty with Japan.

"While I have nothing but admiration for Japan as a nation, I recognize that for economic and other reasons our future lies along different lines.

"The creation of even a nucleus of a navy at the present time appears to be a step in the right direction, as there is no doubt that automatically on the outbreak of hostilities it would pass under the control of the British Admiralty. In peace times it would be manned, equipped and directed along the lines of the other Imperial navies."

WEAPONS MUST BE SURRENDERED

Continued From Page 1

Trials Sent Over

Mr. Hawkins came to Trinidad today as attorney for the union in a number of criminal cases which were set for trial during this term of the court. All cases, however, were continued until the next term of court.

The work of peaceful disarmament by the military continued today. Strikers were said to have surrendered fourteen guns.

The coroner's jury tonight returned a verdict after its inquest into the death of nine persons at the battle of Forbes on April 29. The jury found that the deceased came to their deaths from gunshot wounds inflicted by weapons fired in the hands of striking coal miners. The jury did not fix responsibility upon any individual striker.

SENTENCES SET ASIDE

Supreme Court of United States Allows Appeal of Messrs. Gompers, Mitchell and Morrison

WASHINGTON, May 11.—Ending seven years of bitter legal warfare, the Supreme Court set aside today the sentences imposed by the District of Columbia Supreme Court upon Samuel Gompers, John Mitchell and Frank Morrison for contempt of court in alleged violation of injunctions issued in 1907 and 1908 against boycotting the Buck Stove & Range Company.

The question of whether the acts of the labor leaders constituted contempt was not passed upon, the court disposing of the cases by holding that prosecution was barred by the statute of limitations, the proceedings having been started more than three years after the alleged offence.

MUCH BUSINESS IS TRANSACTED

Continued From Page 1

Some Government legislation will have to be held over if the House closes in early June.

Blue books containing much of the information in regard to the Canadian Northern Railway's financial standing were distributed this morning, and that will leave two days for the Members to study these documents before the debate opens.

The bill relating to the Prudential Life Insurance Company of Manitoba was put through the committee stage and given a third reading without further amendment. Hon. J. D. Reid's bill to amend the Customs Act was reported and given a third reading. It provides for a drawback of the duty paid on pig iron and steel when used for the manufacture of goods exported to other countries.

When the House resumed at 3 o'clock the bill authorizing the appointment of deputy judges of the juvenile courts was given its third reading, and the Finance Minister then moved his resolution to authorize the Government to reimburse the depositors in the Farmers' Bank.

After a long discussion the resolution was reported out of committee without amendment, and Mr. White introduced the bill founded on it.

Third reading was given to a bill providing a pension of $500 to Mrs. Alice Joynson, widow of a British Columbia penitentiary guard who was killed while in the performance of his duty.

Indian Act

The House then proceeded to consider in committee the amendments to the Indian Act. In this connection, Dr. Roche announced that no further Indian scrip would be issued, and said that there had been none issued within the past two or three years. Some slight amendment was made to the clause relating to the industrial schools, as its first wording had been regarded as too broad. Dr. Roche said the purpose of the clause was to afford some measure of control in view of the aid given.

An amendment was also made with regard to the removal of Indian Reserves. Legislation was passed in 1911 providing for the removal of Indians from the vicinity of towns of 8,000 people by referring the matter to the Exchequer Court, having a report therefrom to the Governor-in-Council and having the whole matter endorsed by Parliament. This, said Dr. Roche, provided every safeguard, and it now proposed to remove the limitations of population and provide that wherever lands are required for a similar purpose they should be realt with in the same way.

Question of Reserves

On the resumption of the Indian Act debate after dinner, Hon. Frank Oliver pressed his opposition to amendments in regard to the taking over of reserves. There would not be a reservation in the Dominion, he said, which would not be taken away from the Indians under the proposed amendments. If these amendments were passed, the treaty rights of the Indians would be worthless.

Mr. Bradbury, Selkirk, opposed the amendments. He said that he had opposed the amendments of a similar character which Mr. Oliver had made in 1911, and this bill went still further. He suggested that the authority of the Government should be limited to reserves adjoining towns.

Mr. James Arthurs, Parry Sound, opposed the bill, and Mr. Oliver went on with his opposition, making special reference to the Kitsilano reserve, near Vancouver. He asserted that there had been some secret agreement between the British Columbia and Dominion Governments, or some Members of them. Mr. Stevens, Vancouver, said he believed the Kitsilano Indians would receive justice. The question was not just settled.

Hon. Dr. Roche stated that there was no understanding with him, and the Premier said that the Indians' title was still good and that the Dominion Government had not yet given its consent to the transfer.

Rights Guarded

In regard to the amendments, Dr. Roche thought that the rights of the Indians were well protected. Any action taken must be passed on by the Exchequer Court, and then Parliament must also pass upon it.

Mr. Stevens said that he resented the reference to the Government of British Columbia, nor did he think the Member for Edmonton was fair in his references to the British Columbia Indians. These were not degenerate, but hard-working, industrious and intelligent.

Mr. Oliver again asserted that if the Indians were doing business with British Columbia in good faith then the Dominion was not acting in good faith in permitting the transaction. Dr. Roche said that he would like to point out that the Federal Government did not know anything about the matter until the transaction was over. There was no understanding, deal or collusion between the two Governments. "Then you are the only man in Parliament who did not know about the matter before it was all over," said Mr. Oliver. "The papers were full of it, and if the Department did not know, then I say the Department should have known."

Premier Borden, in a brief statement, said that the Government was fully alive to the rights of the Indians, and would see that their rights were respected and protected. He would be sorry to have any legislation passed that in any degree whatever could be capable of being for injury or injustice to the Indians.

Lockout in San Francisco

SAN FRANCISCO, May 11.—A general lockout in the building trades industry, in San Francisco, was ordered today by the building trades employers. This action was caused by the refusal of union painters to call off a strike for higher wages current for a month. About 25,000 men are affected.

GOES ON RECORD AS OPPOSED TO GAMBLING

City Council Endorses Resolution and Will Seek Legal Advice as to Carrying Out of Policy.

By passing the resolution submitted by Alderman Sargent, the City Council last night went on record as being opposed to any horse races on city property, including the agricultural fair grounds, when accompanied by any manner of professional gambling. The resolution, after setting forth the policy adopted by the Council set forth that the city solicitor be requested to advise the Council at its next meeting as to the proper course to be pursued to prevent any such races and gambling taking place.

The discussion on the Alderman's resolution occupied a considerable length of time. Alderman Cuthbert suggested that the proper course for the Council to take would be to get the opinion of the solicitor first and then to act in accordance therewith. He submitted an amendment to that effect, but it was defeated and the resolution was passed but four of the Council voting against it and these being the Mayor and Aldermen Cuthbert, Okell and Porter. On the suggestion of Alderman Okell the vote was made a unanimous one.

The arguments advanced by supporters of the resolution were similar to those which have been made during previous debates on the same subject. The evil effect of prolonged race meets on business, the large number of undesirables who are attracted to the city by such meets, and the bad moral effect on the community were advanced by those members of the board who supported the resolution. Without an exception the Aldermen voiced their aversion to any more sixty-day meets, but Aldermen Cuthbert, Porter, Dilworth and Okell pointed to the fact that the arrangements for the forthcoming Dominion Fair have proceeded so far that it would be placing the fair directors in a most difficult position if, at this late stage, anything were done which would jeopardize the success of the event.

Legal Aspect

Alderman McNeill touched upon the legal aspect of the matter. He stated that the position the directors take is that the B. C. Agricultural Association is a tenant at will of the fair grounds, and while the city owns the grounds it cannot dictate what shall be done thereon if nothing illegal is attempted. He believed the Association can legally hold a seven-day meet. Should the city at this stage, give notice of its intention to terminate the tenancy it would be met with the reply from the Association that already a large amount has been spent towards preparing for the Dominion Fair, and, he believed, the courts would take the view that the Association could hold on until after the fair. The City Council should have taken its objection at the beginning of the year and called upon the Association to enter into a new lease on terms agreeable to the city. The Council should, before it goes out of office, take steps to have a new lease arranged which would meet all points.

Alderman McCandless expressed his belief that the Council is in no position to interfere this year other than to go on record as to its stand on the question.

Alderman Porter paid a tribute to Dr. Tolmie and Mr. George Sangster, and declared the directors intend to observe the law. He thought there were other elements, such as real estate agents, book agents, insurance solicitors, etc., who might well be regulated, whose alleged gambling propensities or the gambling element in the business they represent, were, he declared, quite as harmful to the public at large as betting at the horse races. The papers, he averred, condemn racing on one page and on the next publish the stock exchange lists. The only difference he could see between betting at the races and on the stock exchange is that in the former one sees his money disappear, in the latter he does not.

Alderman Todd admitted he did not take any interest in horse racing but he was convinced a long meet with gambling accessories is most harmful in every way.

Alderman Sargent pointed out that the directors, at their recent meeting with the Council, had asked for more than seven days' racing. It was evidently their intention to have two weeks additional. According to the law such an extension would be illegal.

Alderman Cuthbert's amendment resulted in a tie vote and was therefore lost, and the motion passed as above.

In connection with the matter a resolution passed by the Social Service Commission was read. It strongly protested against the permitting of gambling at the race meet and urged the Council to take a stand averse to any attempt made to hold another meet in Victoria with bettting or gambling accompaniments.

Microbe of Rheumatism

PARIS, May 11.—The report was issued last week by the juhy of six eminent French physicians appointed to judge the entries for the $1,000 prize offered last year by an anonymous reader of Le Matin for the discovery of the microbe of rheumatism. The report states that no competitor sufficiently establishes the discovery. Consequently, the donor renews the offer for the present year, doubling the amount of the prise money, the competition closing December 31, 1914. It concerns only the discovery of the specific microbe. No question of treatment for rheumatism is involved.

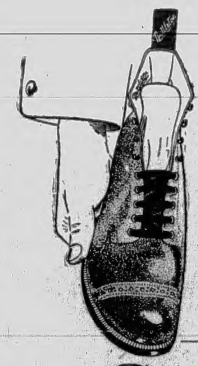

Flour Mill for Medicine Hat

MEDICINE HAT, May 11. — Mayor Brown has received a telegram from Hodley Shaw, general manager of the Maple Leaf Milling Company, stating that the company's superintendent of construction left Montreal on Saturday for Medicine Hat to arrange for the immediate commencement of the work on the Maple Leaf's new million dollar flour mill to be erected here.

Four Burned to Death

NEWARK, N. J., May 11. — Four persons were burned to death yesterday in a fire which swept through a large brick and stone apartment house on Broad Street. Three of the victims were maids, the fourth being Dr. A. H. Young, a retired Presbyterian clergyman, who was taken out of the building, but who died later in the hospital. The smoke-filled stairs became impassable, and those who escaped were assisted down ladders by the firemen.

Try to Find Seats So Completely Comfortable

In Any Other Car

The RUSSELL-KNIGHT'S rear seat cushions are forty-eight inches wide. That's sixteen inches seat-room per passenger. The width of a really comfortable chair. Comfort is impossible on a seat of less width than this.

Try to find in any other car—at any price—a tonneau seat of such unusual comfort! Measure them. See for yourself how most so-called 5-passenger cars are merely 4-passenger cars at best.

We tried. Measured seats by the score. Only a very, very few cars could even approach the

Russell KNIGHT

in this respect. And they were $5,000 cars. While the RUSSELL-KNIGHT "28" sells at

$2,975

COMPLETE

If you want REAL **five-passenger** COMFORT in a **five-passenger car**—ride in the RUSSELL-KNIGHT "28."

After one such ride—if you're in the market for a car at $2,500 or over—none but the RUSSELL can possibly meet your ideals of comfort.

Remember, too, that comfort is only one of the many advantages in the RUSSELL-KNIGHT. Call—and see the others.

Note! After seventy days our $20,000 challenge still remains open. Because no manufacturer or owner can expect a poppet-valve motor to equal the record-breaking performance of the Russell-Knight.

WEST TORONTO

Victoria Agent—Thomas Plimley, Victoria

ENDORSES MEMORIAL TO GENERAL WOLFE

Victoria Canadian Club Joins With Vancouver in Asking Dominion Government to Make Appropriation.

A resolution giving the unqualified endorsation of the Victoria Canadian Club to the proposal that the Dominion Government shall appropriate $15,000 to complete the fund necessary for the erection of a monument to the memory of General Wolfe has been passed by the local organization. Honorary Secretary F. J. Sehl has been instructed to forward it to the proper quarters.

This action was taken as a result of a communication received from the Vancouver Club, in which was incorporated a copy of a resolution passed by that body to be presented to the Federal authorities. It was asked that the Victoria organization give it the stamp of its approval. This step was taken, after some discussion, without dissension.

The Vancouver appeal was couched in strong terms. It explained, at the outset, that some six years ago a movement was inaugurated to raise by public subscription a sum sufficient for the erection of a suitable memorial to General Wolfe at Greenwich. "Although Canada owes her position in the Empire," it continued, "so largely to General Wolfe, the Canadian people have allowed more than 150 years to pass without making the slightest effort to mark his grave." It goes on to say that this long-continued neglect was called to the attention of Canadians, and a public subscription for the raising of $20,000, which was expected to be enough, was resorted to with success. Then it was found that it would not be sufficient, and $40,000 was set as the goal. To obtain the larger sum an appeal was made to the various Provinces and to the Dominion. Ontario subscribed $4,000, British Columbia $1,000, Nova Scotia $500, the Yukon District $200, and the City Council of Toronto $3,500.

Having explained that it remains for the other Provinces and the Federal Government to contribute the rest, the resolution passed by Vancouver and endorsed by Victoria is quoted. It follows:

"Whereas a most praiseworthy effort has been made for some years to get together a fund sufficient to erect a fitting monument to mark the grave of General Wolfe at Greenwich; and whereas about $23,000 has been contributed by the Provincial Governments of Ontario, British Columbia, Nova Scotia, the Yukon and the people of Canada generally, and, in order to make the contribution adequate and thoroughly national, the Government of Canada, representing all the people of the Dominion, should generously support this patriotic object, and the said Government has been asked to subscribe $15,000 for that purpose, and we are pleased to notice that the said Government has freely subscribed much larger sums for memorials to Jacques Cartier, Madeleine Vercheres and others; resolved, that the executive of the Canadian Club of Vancouver respectfully urges upon the Canadian Government the necessity of supporting this patriotic movement by making the contribution applied for."

OAK BAY COUNCIL

Considerable Increase in Land Assessed for Taxation—Council's Position on Horse Racing

At the regular meeting of the Oak Bay Council last night the assessor presented the amended assessment roll for 1914, and reported the total assessed value of the municipality as $11,171,625; the assessments on improvements, $3,092,165; the assessment on land, $8,079,460; on land exempt from taxation, $141,460, and the total value assessed for taxation as $7,938,000, as against $7,871,170 for 1913.

The Council, at the request of the engineer, accorded Mr. Ross Sutherland an opportunity of appealing in person against the assessment of his property on Hudson Street, for water and sewer, but eventually sustained the original assessment as being made in accordance with the provisions of the by-law. Mr. Sutherland intimated that he would go further into the matter.

In connection with a proposal to alter the minimum charge for water from $1.50 to $1, the Council, on Councillor's Gordon's suggestion, deferred the matter for a week to see if it would be legal to include a sliding scale in a by-law which might be changed from time to time by resolution of the Council.

Reports from the chief of police and various committees were read and adopted. The Reeve reported having met the City Council, and placed before them the municipality's views on horse racing. "I told them," he said, "that we object to a long-drawn out meeting. They said they had no desire for a long meeting, that the most they might ask for would be one for six or seven days. They also said they would assume all responsibilities if they asked for such a thing, and that they would write as soon as they had had another meeting with the Agricultural Association."

To the request from the city for a contribution from Oak Bay towards the Vancouver Island Development League, an answer has been returned that the municipality is unable to grant this, as no money has been appropriated for the purpose this year.

Asked by Councillor McGregor whether anything had come of a letter sent to the City Council protesting against certain statements recently made by Alderman McNeill as to financial relations between the city and Oak Bay, and which Oak Bay desires to correct, the Reeve stated that nothing had been heard of this.

TRUE BILLS RETURNED BY THE GRAND JURY

Victoria Spring Assizes Opened Yesterday—Only Three Accused to Stand Trial

On the opening of the annual Spring Assizes of the County of Victoria before Mr. Justice Clement yesterday morning five indictments were presented for the consideration of the grand jury. After a comparatively short period, true bills were returned in every case. No trial, however, was proceeded with, there being an insufficient number of petit jurors to assure the obtaining of a jury. Only twenty-three were in attendance, and an adjournment was taken to 11 o'clock this morning in order to give the sheriff an opportunity to increase the panel.

While there are five indictments, there are but three accused, namely, J. Gordon Grant, Martin Peterson and James Fagan. Against Grant there are three distinct charges, all relating to the one occurrence. One is that of theft from his landlord, another that of forgery and the last of uttering forged documents. Peterson must answer the charge of attempted murder, it being alleged that he was the author of such an act against Fritz Larsen on April 28. James Fagan is said to have robbed Gwewn Thomas on March 11. Mr. W. Bullock-Webster is prosecuting.

His Lordship charged the grand jury in the usual manner, but, on their reporting true bills, made some rather pertinent observations on the practice of inspecting public institutions. He described it as a custom surviving from the ancient days, when such a communication was the only instrument through which a community could make known its wishes. In these democratic days Ministers of the Crown always could be approached by delegations, so that the usefulness of the grand jury's finding had practically disappeared. That was merely his opinion. It was open to them to inspect the public institutions if they felt so inclined. He would see that their presentment was forwarded to the proper authorities.

TO START WORK ON PEACE RIVER ROAD

Mr. J. W. Stewart, of Pacific Great Eastern, Goes to Fort George to Expedite Beginning of Northern Branch.

"We have 4,000 men at work on the construction of the Pacific Great Eastern now, and the number will be increased by 1,000 within a month," stated Mr. J. W. Stewart, president of that railway, and one of the partners of the well-known contracting firm of Foley, Welch & Stewart, last evening.

Mr. Stewart arrived in Victoria yesterday on a brief business visit, spending most of his time with Mr. D'Arcy Tate, vice-president of the road, whose headquarters are here. He said that he had no special mission to the Capital, but would return to the Mainland almost immediately, proceeding direct to Fort George to expedite the commencement of construction on the extension into the Peace River country. This will be started, he affirms, within five weeks.

In the last few days Mr. Stewart reports that several more contracts have been awarded for construction on different sections of the P. G. E. and, according to the instructions which accompanied the agreements, work must be initiated within a month. Heckman & Moore have been given a section of ten miles between Kelly Lake and Clinton; Welch & Kennedy have been placed four miles north of the former contract; Rankin & Kellett are located twenty miles further north, while Madden Brothers have been given a stretch of six miles. Mr. E. Burns, of Burns, Jordan & Welch, who have a big contract south of Fort George, has left to get things started so that the material his firm has been using on the Grand Trunk Pacific line may be moved up the river and utilized on the new operations.

Of the 4,000 men now at work, Mr. Stewart explains that 3,000 are engaged on the south end of the road and the remainder on the north. After making a personal inspection he finds that construction is proceeding most satisfactorily. He does not expect that any of the delay experienced on both the Grand Trunk Pacific and the Canadian Northern Pacific railways will be encountered on the new road. The material, he points out, is handy; the contractors have had plenty of experience on the other roads in similar country, and labor is not scarce. It is expected that a few weeks will see the entire line of construction under way from Squamish to Fort George, as well as considerable steel laid north of Squamish.

Referring to the operations north of Fort George, Mr. Stewart said that there was little to add to his announcement that he would visit the town and that work would be inaugurated shortly. Surveyors were in the field, and it was necessary to await their reports before taking further action than that already planned.

HEALTH AND HAPPINESS

Series of Talks to Old and Young Under the Auspices of the Y. M. C. A.

Next Sunday Dr. Charles E. Barker, of Washington, D. C., begins a series of talks on "Health and Happiness" to audiences of all ages and both sexes at the Y. M. C. A. These will be continued throughout the week, and the following programme has been arranged: Dr. Barker will, at 9 o'clock, address the dormitory men of the association on Sunday morning, and in the afternoon will speak to a large meeting at the Dominion Theatre, when he will be introduced by Dr. G. A. B. Hall, and when Mr. Julian Haywood will give an organ recital. In the evening he will speak again at the Metropolitan Church on "The Finest of Fine Arts." On Monday afternoon he will address the mothers of the city on their relations to their daughters, and at night in the Y. M. C. A. gymnasium he will speak to the fathers on their responsibilities to their sons. On Tuesday night he will speak to the High School and employed boys under eighteen years of age on their personal problems at the association building. On Wednesday he will address an audience of usiness men at noon at the Y. M. C. A., and an audience of business women at the Y. W. C. A. at 8 p.m. On of business men at noon at the Salvation Army Barracks on "The Art of Living," and on Friday at the Congregational Church on "How to Live to Be 100."

LEGALITY OF PAYMENTS

City Auditor Suggests Amounts Paid by School Board Were Not Legally Expended

In his report of his annual audit of the accounts of the Victoria Board of School Trustees, doubt as to the legality of some of the expenditures authorized by the board is raised by the City Auditor, Mr. J. L. Grimsion, whose report was submitted to the City Council last night. The audit covered the year ending December 31 last. Mr. Grimsion draws attention to the following items included in the statement of expenditures in order that the City Council may satisfy itself as to the legality of these being made out of the school monies: Cadet uniforms and rifles $138.50; B. C. Agricultural exhibit, $259.42; trustees' convention, $256.95; visiting teachers' entertainment, $162.50; Public School Athletic Association, $184.35, including an item of $30 granted a teacher who accompanied students to the athletic games.

The receipts from the land tax for school purposes totalled $191,729, and the Provincial Government grant was $64,334. The expenditures totalled $246,322, leaving a surplus of $10,741, which, in Mr. Grimison's opinion, should, under section 54 of the Public Schools Act, be carried forward to the following year. The payments do not include interest and sinking fund instalments, which were provided for in the general debt of the city.

M. Bachelet's Invention

LONDON, May 11. — Mr. Winston Churchill, First Lord of the Admiralty, learning the details of Emil Bachelet's wonderful "flying train," visited Bachelet's laboratory Sunday and inspected the model. "It is the most wonderful thing I have ever seen," said Mr. Churchill. To him Bachelet showed amazing tricks made possible by his discovery of a new principle of electricity, including boiling eggs on top of a lump of ice.

Mrs. McLorie, 934 Empress Avenue, will not receive on Wednesday, nor again this season.

Angus Campbell & Co., Ltd. "The Fashion Centre" 1008-1010 Government St.

Outing Apparel for the 24th

"Campbell's" exposition of Outing Apparel is of unusual interest just now, and with the exceptionally fine weather ladies are quick to realize the importance of our positively unequaled values on outing dresses, skirts and blouses.

Outing Dresses From $1.75 to $27.50

Cool-looking Dresses in crash, ginghams, ratines, crepe voiles, crepes and voiles and many charming lingerie dresses, that will be seen at the most select garden parties this season.

Outing Skirts From $1.50 to $5.75

In Indian head, pique, crash, Bedford cords, ratine, whipcord, linen, rep. Among them will be found those that button down front with detachable buttons, making them ready in a moment for the washtub.

Outing Blouses at $1.00

OUTING AT GOLDSTREAM

Company of Fifth Regiment Spends Enjoyable Day—Winners of Events in Sports

No. 1 Company, Fifth Regiment, held their annual outing at Goldstream on Sunday. The company paraded some forty strong at 9:30 o'clock, under the command of Major Angus and Lieuts. Sargison and Craddock, and marched out, taking three hours and five minutes to accomplish the distance. They made halts at Parson's Bridge and Langford Lake. In the afternoon, sports were held, with the following results: 100 yards—1st, Sergt. W. Kroeger; 2nd, Bomb. Macaaley. Three-legged race—1st, Gnrs. Forester and Waterson. Long jump—Gnr. Fieldsend; 2nd, Gnr. Mead. Wheelbarrow race—1st, Sergt. Kroeger and Gnr. Dudley. Boot and shoe race—1st, Gnr. Dudley. Officers' race—1st, Lieut. Sargison; 2nd, Lt.-Col. Winsby. Many other parties from Victoria were taking advantage of the beautiful weather and holding picnics around the hotel. After dinner there, the soldiers returned by train to Victoria and marched to the drill hall, where they were dismissed.

Mrs. S. C. Richards, Foul Bay Road, will not receive today nor again this season.

SOCIAL AND PERSONAL

Mrs. R. R. Walson, of Tennyson Avenue, will not receive on Wednesday next, nor again until further notice.

Mr. W. J. Smith, the well-known building contractor of Vancouver, is in the city, a guest at the Empress Hotel. He is accompanied by Mrs. Smith.

Mr. Norton Townshend left on Friday by the Northern boat for his home in Dawson, having successfully passed his examination as a surveyor.

Miss Woodhouse, of Parkgate, Cheshire, arrived on Sunday from the Old Country, accompanying her sister, Miss Violet Woodhouse, whose marriage to Mr. W. Hartley Patterson, of the city engineer's staff, has been arranged to take place at an early date.

Yesterday afternoon, at "Braeside bane," the residence of the officiating minister, the Rev. Dr. Campbell celebrated the marriage of Mr. James Thomas Woodruff, of Goldstream, and Miss Margaret Maud Calvert, of Victoria. The bridegroom was supported by Mr. George Smith, and the bride was accompanied by Miss Lathes, sister of the bridegroom's sister. Mr. and Mrs. Woodruff will reside at Goldstream.

ALL-RAIL CONNECTION

We are in receipt of a letter from an esteemed correspondent, in which he opposes the sending of a delegation to Ottawa at the present time to urge an expert examination of the Seymour Narrows rail connection. If his letter had been confined to this point, we should have printed it, for there may be valid reasons why a delegation might be inexpedient just now; but when he goes on to impugn the good faith of those who have begun the new campaign for this project, and attack its feasibility and usefulness by mere general assertions, we feel it is not in the general interest to give publicity to what he says. If there are meritorious objections to such a connection, they ought to be made known, but simple allegations without a single fact in support of them seem untimely, to say the least of it.

It is a matter of some surprise to us that a very considerable number of people of this city look upon all-rail connection with the Mainland as purely in the interests of Victoria, and that some others are unable to see what advantage it will be to the city. For this reason we shall shortly discuss the whole question in a series of articles, and when we have done that we will welcome criticism. If we cannot make out a case that will commend itself not only to the people of Victoria and Vancouver Island, but to those of the whole of Canada, now is the time to know it. In the meantime we hope correspondents will not think us unreasonable if we ask them to defer adverse criticism.

AID TO THE C. N. R.

Canadian Finance has this interesting summary of the agreement between the Government and the Canadian Northern:

Out-and-out railroad batters will be no more satisfied with the Government's proposed treatment of the Canadian Northern than with the recent revision of Western freight rates. But fair-minded business men, reasonably free from class prejudice or party bias, will incline to the view that an honest effort has been made to patch up a difficult business.

Readers of Canadian Finance have had served up to them by the daily press accounts in extenso of the Government's proposed bond guarantee of $45,000,000 to the Canadian Northern—and only brief reference to outstanding features need here be made. It is reckoned that this amount, with other assets now available, will be sufficient for completion of the company's lines as a transcontinental system of 10,000 miles. At present the common stock of C. N. R. and subsidiary companies amounts to $145,000,000—of which $7,000,000 is held by the Government and the balance by Mackenzie & Mann, Limited. Stocks of all subsidiaries are to be transferred to the C. N. R. and the total reduced to a round $100,000,000, of which the Government will hold $40,000,000.

Mackenzie & Mann, Ltd., are to relinquish all claims against the C. N. R. and its subsidiaries for any services rendered—the Government estimate of the amount of this release (based on 5 per cent brokerage commission) being $15,000,000 to $20,000,000. As direct security the Government is to have a mortgage on about 5,000 miles of line in the Prairie Provinces—the most remunerative portion of the road—and also mortgages on any subsidiary lines upon which any part of the guarantee is expended. The townsite and land holdings of Mackenzie & Mann, Limited, are also pledged as security. There are careful trust deed stipulations to ensure that not one dollar of the $45,000,000 can be diverted to other purposes—though in this connection it is but fair to state that the Government's investigation disclosed no evidence of previous diversion of funds. Also, all debts to contractors (which are very large at the present time) and all floating indebtedness are to be met by proceeds of securities other than the $45,000,000 guaranteed by the Government.

It is stipulated that all traffic arising on the C. N. R. system shall be transported over Canadian lines; there is not even an exception made, as in the case of the G. T. P., that export freight may be diverted to United States ports when so routed by the shipper. Interchange of traffic with the Intercolonial is to be definitely provided for in the enactment.

Provision is made for Government inspection of all books and records; for appointment of Government representatives on the directorate of the C. N. R. and subsidiary companies; and for legislative jurisdiction in addition to control of rates by the Board of Railway Commissioners.

In order to facilitate immediate development it is agreed that for three years after the opening of the through line between Montreal and the Pacific Coast, the Government, if requested by the company, will pay the interest on the $45,000,000 guaranteed, but the interest so paid must be re-paid by the company to the Government with interest thereon from time to time. In other words, the three years' interest, if so paid by the Government, will be added to the principal and will be secured equally with the principal by the mortgage trust deed.

Strict provision has been made for dealing with any default by the company or its subsidiaries in the carrying out of engagements. In such case the directorate may be dismissed and a Government appointed board substituted, which would have power to manage the system in trust for the Dominion or hand it over to any other corporation constituted for the purpose—absolutely wiping out the common stock and all the interests of Mackenzie & Mann in the road.

Even those who are firmly persuaded that both Dominion and Provincial Governments in the past have been somewhat lax and lavish in their treatment of Mackenzie & Mann, should recognize the unwisdom, not to say the unfairness, there would have been in now pulling on the reins with an absolute and peremptory "Whoa!" Railroad development and overseas investment are so closely related in Canada that any such drastic treatment at this stage would have brought sharp reaction in general financial progress.

The foregoing deals very succinctly with the outstanding features of the agreement, which, as we have pointed out before, is one that affords the amplest protection for the people of Canada. The more we consider this matter of affording aid to the Canadian Northern Railway the more we wonder that the proposals should have met with hostility from any quarter. There will be general surprise if they meet with any sustained opposition from Sir Wilfrid Laurier when they are discussed in Parliament. A few stereotyped opposition amendments will doubtless be moved, but a party which by launching the National Transcontinental has shown its appreciation of the necessity of transportation development could not, with any show of reason, adopt an attitude of appearing willing to disrupt the business life of the country to such an extent as it would be disrupted were it necessary for construction work on the Canadian Northern to cease. The business community and the people at large are eagerly looking forward to the passing of the legislation now before the House of Commons. They anticipate it will mean a recrudescence of activity in the commercial and industrial life of the community by the circulation of millions of money which it will bring into motion. The arrangement to be effected between the Government and the company is a clear cut business contract in which the interests of the people of Canada are safeguarded in every way.

GRAND JURIES

Mr. Justice Clement strongly animadverted yesterday upon the alleged uselessness of presentations made by Grand Juries upon matters of public interest. We are not quite as clear as the learned judge is on this point, for instances are not infrequent in which good has come from the investigations of matters by these bodies. More good might have resulted if the investigations were more thorough than they usually are. While Grand Juries form a part of the judical machinery of the country we venture to think it would be better if judges would seek to add to their value rather than to depreciate it.

Mr. Justice Clement is quite right when he says that the function of Grand Juries, in pursuance of which they report upon the conditon of public institutions and matters in the nature of nuisances, has lost some of its value from the fact that Ministers of the Crown can be more readily approached now than formerly; nevertheless we are by no means sure that they cannot, if rightly guided, render valuable service to the community. The Grand Jury is a time-honored institution. It represents the "body of the county." It is a non-partizan body, safeguarded by long established rules in pursuing its inquiries. In these latter days we have lost sight of the nature of this factor in the community. We have grown accustomed to look upon such a body as a sort of adjunct to the prosecution in criminal cases, as something provided only to set the judicial ball rolling. But it is very much more than this. It is an absolutely independent body, and may "present all things truly as they come to its knowledge," and no one has any right to say they may not do so. A Grand Jury is one of the old-fashioned expressions of the British democratic idea, and we submit that it ought to be astute in all things to exercise the rights with which the law invests it.

CANADIAN TRADE

The book opened at a page giving statistics of Canada's trade with Roumania. The figures do not run into very large amounts, but they are interesting as showing the ramifications of the commerce of the Dominion. Probably not many people knew we had any trade with Roumania. We have not very much, but it has been increasing. Last year it amounted to $107,231, which is the largest sum reached in any year except 1911. The trade of 1912 was 50 per cent greater than that of 1910, which was the largest up to that time. Of this trade the imports only reached $1,179 worth, and consisted of broom corn and tobacco; the exports were worth $106,052, of which $101,016 was for agricultural implements, and $4,791 for asbestos.

Other lines of trade with minor countries may be cited. We imported $40,517 worth of goods from Siam; but exported nothing to that country. Our imports consisted of rice and tropical goods. We did $409,040 worth of trade with Portugal, our exports amounting to $48,142, the principal part of them being salt fish, although we sold a little lumber also. Our imports consisted almost exclusively of wines and cork. Our trade with the Philippine Islands has never been very large. High water mark was attained in 1910, when it amounted to $202,221, consisting chiefly of exports. Last year it fell to less than $100,000. We sell them oats principally, and the chief thing we buy from them is Manila grass. Our trade with Panama came to $206,798 last year, all exports. This is made up chiefly of fish, of which we sold that country $140,743 worth last year, all from the Atlantic Coast, except, perhaps, the $2,073 worth of pickled salmon which went to the Canal region. With Greece we did a trade to the amount of $662,277 last year, made up chiefly of importations of dried fruits. Our exports consisted chiefly of a ship, but we also sold them a few agricultural implements and cereals.

THE TRIPLE ALLIANCE

A recent Vienna dispatch pictures the condition of the Triple Alliance as anything but happy. It amounts practically to a statement that Germany cannot hope for any assistance in a general war from Austria-Hungary or Italy. Until within a year the Alliance felt it could afford to ignore Russia, because of the tremendous shock received by the Tsar's empire in the war with Japan. But Russia always had marvelous recuperative powers, and the year 1914 finds her in so strong a position that the dual monarchy has been compelled to readjust all her military plans so as to be ready in an instant to protect her eastern frontier. Until last year Roumania could be counted upon to assist in keeping Russia in check, but King Carl has determined to throw in his lot with the Tsar, and as he has a splendidly trained army, his defection greatly cripples Austria-Hungary, for instead of being able to rely upon the Roumanian force as an assistance against Russia, the Vienna Government has to regard it as a powerful enemy to be reckoned with in the event of hostilities with the Muscovite Empire. Roumania can throw 175,000 men into the field at short notice, and now that these are potential enemies instead of friends, it has become necessary for Austria-Hungary to provide a force of at least 850,000 men to make up for her loss and offset Russia's gain. On the south-frontier are Servia and Montenegro, who never were friends and now are open enemies of the dual monarchy. These things make it utterly impossible for Germany to count at all upon help from her ally. Nor is she in a position to expect much from Italy, for it is well known that the Government at Rome has not the least intention of assisting her allies on land.

There are also indications that matters within the Alliance itself are not as harmonious as they have been. German activity in the Balkans is not viewed with pleasure in Vienna, where there is also, as is also the case in Rome, a very strong feeling that, if there is to be an European colonization of Asia Minor and Syria, the Germans are not to have things their own way. On the whole the situation is favorable to the maintenance of peace, that is if there is any reason to think that German aggressiveness has been likely to promote war.

THE C. N. R. BILL

An Ottawa dispatch says that it is expected that Sir Wilfrid Laurier will move for a reference of the proposed Canadian Northern Aid agreement to a commission, with power to examine witness under oath. Such a course as this would bear a very close resemblance to dodging the issue, an ingenious device whereby the Liberals can avoid declaring against the principle involved in the agreement. Until we have the text of the resolution which the leader of the Opposition will move, it is hardly expedient to make any further comment than this. If it reads as the dispatch foreshadows, it will be nothing more than or less than a political move to enable the Liberals to make some political ammunition for future use. Sir Wilfrid's game is a safe one. He knows that the measure will pass, and he does not wish to appear as opposing anything so absolutely necessary for the well-being of Canada.

GAMBLING AT EXHIBITION

We congratulate the City Council on the definite stand it has taken against gambling on the Exhibition grounds. We do not know whether its powers in the matter are sufficient to make its opinion prevail, but if they are not steps should be taken to insure its authority in the premises being unquestioned. The city owns the ground where it is proposed that horse racing, with gambling, should be held. The land is within the Municipality of Oak Bay, which presumably will be responsible for the policing arrangements to be undertaken. Both these municipalities are now on record as being opposed to a vicious practice which has already worked considerable harm in the community. Between them and the B. C. Agricultural Association, which we are sure wishes to do nothing in defiance of public opinion, upon which it depends for support, a way should be found whereby the objectionable practice which has been in vogue at the exhibition grounds for some years past will cease to exist.

The Hearst papers are clamoring for war with Mexico. Fortunately President Wilson is not the sort of man who can be stampeded.

Thoreau is quoted as saying that "as a rule men hit what they aim at." Mr. Thoreau wisely forbore making any assertion in respect to women.

Mr. S. R. Crockett, the well-known novelist is dead. Like many others successful in the realm of romance, he first tried journalism as a career, and failed.

The Department of Agriculture estimates that the population of Canada last year was 7,758,000. In 1871, which was the year in which the first census was taken after Confederation, it was 2,689,257.

It is pleasant to read that Sir James Whitney's health has so greatly improved and he is so steadily getting strong, that he fully expects to continue in the active leadership of the Ontario Conservatives.

Madam Lilian Nordica is dead. She was born in 1858, and has had a long and brilliant career. She was a native of the State of Maine. It is a great thing to possess such a gift of song as was hers; it was a greater thing to have given the world so much pleasure by it.

The Hamilton Spectator says that there are between 800 and 900 citizens in that burg who have not yet applied for dog tags. We can only conclude from this that the Hamiltonians who visit Victoria are either among the negligent class, or else they leave their tags at home.

The National Union of Teachers in Great Britain recently voted on the question that woman suffrage was outside the scope of the Union. The result was decisive. The number who believed that the teachers should take no part in the agitation was 45,123, while the number in favor was 28,674, a majority of 16,449.

The Post-Intelligencer fears that when the Panama Canal is thrown open to the ships of all nations on equal terms, British Columbia will supply all the shingles used in the Eastern States. Even if this is the case, and we are by no means as sure about it as we would like to be, we venture to suggest that national honor ought not to be put upon the same basis as shingles.

The personnel of the United States Navy is approximately 60,000 officers and men, of whom close upon 5,000 are not native born Americans. Contrary to a general belief, there are very few Englishmen in the service. It includes 2,875 naturalised foreigners and among those not naturalised, 636 Germans, 435 Irishmen, 294 Swedes, 236 Englishmen, 232 Chinese, and 214 Japanese. The latter figures are from a compilation made two years ago.

The death of Dr. Elliott S. Rowe removes a man of exceptional ability from a sphere of work in which he had accomplished much good. He was very well informed in regard to British Columbia and enthusiastic in his confidence in the future of the Province. His health had greatly interfered with his activity for some time. He was a speaker of exceptional talent and a keen and incisive writer. He leaves very many sincere friends, who will join us in expressing sympathy with Mrs. Rowe and their two sons.

Lord Bryce, president of the British Academy, is heading the movement to suitably commemorate the tercentenary of the death of Shakespeare. The general committee which will have the task in hand will include representatives from all over the world. Already substantial offers of donations towards a fund to establish a memorial have been received. It is not yet known what form the memorial will take, although there has been some suggestion of the building and endowment of a great national theatre in London.

When the new law about printing untrue advertisements comes in force, it will be necessary to enlarge all the penitentiaries to provide accommodation for proprietors of circusses, advance agents of theatres and a lot more folk. We suggest to the Minister of Justice that, whoever else may be required to toe the line, circusses should be exempt. What would a circus be without posters telling of its unparalleled magnificence, and its original wild man from the wilds of New Guinea (Ireland), and the fellow who lets poisonous snakes bite him?

A Western millionaire went to New York determined to break into society. He visited at a friend's house and on making his wishes known, was told that the first step was to give a dinner to twenty-five leaders of the elect. This was to, and did cost him $50,000. He paid without a murmur. He was very much in demand for a day or two, and then discovered that he had not got so far into society that you could notice it. His hostess then advised him to set out on a regular campaign, which she said would cost $300,000. He declined with thanks, and society dropped him with a thud that was heard all the way across the Continent.

During the three years ending March 31, 1914, Canada imported coin and bullion to the value of $42,699,165, and exported it to the value of $44,334,801. The difference was therefore less than $2,000,000. In view of the period of liquidation that has been going on now for more than a year, this is a remarkably favorable showing, especially as during the same three years the value of the imports of Canada exceed the exports by nearly $600,000,000. The question may be asked: How was this adverse balance paid for? The answer is that it very largely represents the investment of foreign capital in the Dominion during that period.

It has been figured out at Washington that it is going to take forty-five hours more talk in the Senate to dispose of the bill for the repeal of the canal tolls exemption. There is nothing in the world just like a debate in the United States Congress. The Congressional Record is a tremendous publication that nobody would ever think of reading, and a very great deal of what is printed therein was never uttered anywhere. "Leave to print" and "leave to extend his remarks" are methods whereby a Congressman can get his observations on record without anyone having to listen to them. So far as we have been able to ascertain, no newspaper thinks of printing congressional speeches. The forty-five hours of oratory will probably be expanded, when it is printed, into what would require three times as long to be spoken.

Chicago is estimated to have the largest number of electric vehicles of any American city, 2,850. New York comes second with 2,000, and Cleveland third with 1,800.

Pennsylvania owns 80,000 licensed automobiles.

Saves Miles of Steps, Lots of Time and Hours of Weary Standing

THE HOOSIER SPECIAL
Saves Miles of Steps for Tired Feet

No more walking between pantry and cupboard and kitchen table, taking out utensils and supplies that you need in cooking and then more walking to put them back again.

Why tolerate the hours of standing up to a kitchen table when you can sit in front of a "Hoosier" and have at least nine-tenths of the requisites at your finger tips?

Instead of a trip across the kitchen and back again, you reach for what you want—use it and put it right away, so that your kitchen is always tidy, at least there is much less "picking up" to be done.

No word description can give you as good an idea of the time and labor the Hoosier can save for you as a brief demonstration on our fourth floor. New models have arrived and some are being shown in our windows.

Our liberal terms make it easy for you to own one of these handsome time and labor-savers.

Ten Useful and Beautiful Open Stock Patterns to Select From

Open stock patterns have many advantages over the regular dinner services for many families. Where the family is small, the open stock pattern permits you to buy just the number of pieces you require—no money is tied up in dishes for which you have no immediate use. For large families, boarding houses, hotels, clubs and other institutions, the open stock pattern is the only reasonable solution to the problem of keeping a uniform table set.

You can buy odd pieces whenever you please. Here are a few details and the prices quoted are for convenient sets:

The Green Derwent is a serviceable style in a semi-English porcelain. Being an open stock pattern, you can buy just as many pieces as you require and renew your stock at any time. Sets of 96 pieces at $11.50
And 52 pieces at $6.75

The Bleu de Roi is another of our open stock lines of English semi-porcelain. This is a very neat line, decorated with a wide band of deep blue and gold lines.
Sets of 99 pieces at $20.00
82 pieces at $15.00
44 pieces at only $9.00

The Peacock Ophelia is another attractive open stock semi-porcelain set, with a festoon foliage decoration in green.
Sets of 97 pieces for $9.50
52 pieces for $5.50

The Bridal Rose is an open stock pattern of excellent quality Austrian china, and a style that has won an unusual degree of popularity. It has a pretty pink rose and foliage decoration, liberally finished with gold. See samples now in our window.
Dinner Sets of 97 pieces come at $25.00
And Tea Sets of 40 pieces at $8.75

Many Other Open Stock Patterns are in stock. You can buy any piece of the above sets separately and make up sets to suit your needs.

For One Hour—from 11 a.m. to 12 noon—on Friday next, very pretty Cushions go on sale at only $1.50. See our window display.

Ideal Carpets for Summer Service—Very Inexpensive, Too

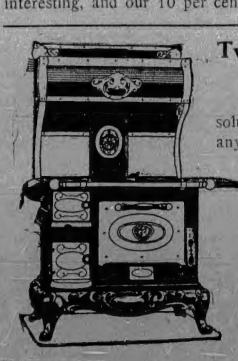

It's unnecessary to go to a heavy expense to make your rooms pleasing to the eye, easily kept clean and a constant source of satisfaction to all concerned.

The dainty Carpets in new art colorings now being shown in our windows make a splendid foundation for an effective scheme, and a judicious use of Washable Cretonnes will create an effect that will surpass your expectations.

The colors are unfadable; the heavy, close weave and the staple wool make them durable and easily cleaned, and we have a splendid assortment of color schemes and patterns and all sizes in stock.

Immense variety of color schemes and beautiful patterns make this line of Carpets unusually interesting, and our 10 per cent discount for cash or liberal terms make the small prices shrink.

Twenty-Two Sizes or Styles of the Weiler's Ranges Now in Stock

Weiler's Ranges are good all through; you can depend on them absolutely. From this assortment of models a style to suit any home or any housekeeper's purse may be easily chosen.

They have been constructed specially to our orders. That's why the firebox, draught and flue provisions are exactly right for burning the soft coal and pitchy wood used in this district.

This one feature is sufficient to give the "Weiler Steel Ranges" a distinct lead over the average steel ranges built to meet fuel conditions in general. However, there are many other features that mean better cooking, less fuel, less ash trouble, and a big reduction in time and trouble to keep it clean.

Ranges large and small now in stock. Will you please call in and inspect them?

Easy terms may be arranged if more convenient for you.

PRESSING CLAIM FOR ALL-RAIL CONNECTION

Mayor, on Behalf of Local Committee, Keeps Wires Hot Urging Appropriation for Seymour Narrows Route.

To still further impress upon the Dominion Government the necessity of the placing in the estimates of expenditures for the year an amount sufficient to defray the cost of the preliminary surveys of the route of the proposed all-rail connection with the Mainland via the Seymour Narrows, telegrams were sent last evening by Mayor Stewart to Right Hon. R. L. Borden, Hon. Robert Rogers and Mr. R. F. Green, M. P.

In response to the message recently sent to Mr. Frank Shepherd, M. P., as well as to other British Columbia Members in the Federal House, Mayor Stewart yesterday received a letter from Mr. Shepherd in which he adopts the same attitude as Mr. Green. He says that the time is not opportune for the sending of a delegation to Ottawa, but that everything possible will be done by the British Columbia Members.

Mayor Stewart's telegram to Mr. Borden sets forth that in 1912 the Premier was good enough to permit a deputation to place before him a strong case for rail connection between Vancouver Island and the Mainland via Seymour Narrows, and to promise to have each Minister supplied with a copy, with the object of gaining approval to the placing of a sufficient sum in the estimates for adequate surveys, plans and cost estimates. Since then the Government has shown its interest in the project by consulting Dr. Waddell and others, but the appropriation was not in last year's estimates and does not appear this year.

"We propose," continues the Mayor's message, "sending another delegation to impress upon you personally and Members of your Government, the extreme urgency of the matter as vital to the whole West. It ranks in national importance with the Georgian Bay canal, especially in view of the opening of the Panama Canal. Business connections will be made by transportation companies with other ports than those of Vancouver Island to our serious detriment and permanent loss unless this question is now taken up. To wait another year is too serious to contemplate. We earnestly hope you will follow the course indicated in 1912, and place in the supplementary estimates an amount of not less than $25,000, which will make a visit of the delegation unnecessary. I have notified the Honorable Minister of Public Works, and Vancouver Island Members, of this telegram and asked their co-operation."

To the Hon. Robert Rogers, Minister of Public Works, the Mayor sent the following telegrams:

"Have wired Premier at length re case of rail connection via Seymour Narrows, submitted to him two years ago, and urged necessity for insertion in supplementary estimates of sum sufficient for securing surveys, plans and estimates of cost as promised in 1912. Hope same will meet with your approbation and hearty support as intimated on your last visit here. This national work is of importance to all territory west of Winnipeg, but vital to development and commerce of Vancouver Island. To contemplate further delay for twelve months is so grave a matter as to warrant us sending a delegation to discuss the matter with the Government unless above request is granted."

To again impress upon the British Columbia Members at Ottawa the necessity of action by the Government, Mayor Stewart also sent the following message to R. F. Green, M. P.:

"We concede that exigencies of business at Ottawa make it inopportune for delegation's visit, but another twelve months' delay in furthering rail connection is much more serious and cannot be permitted without using every effort to prevent it. Wired Premier and Minister of Public Works at length for promise that supplementary estimates will contain sufficient sum for surveys and estimates. Please arrange with other Members for interviews in support. If unsuccessful we must come."

BOYS AT PLAY MAKE FIND

Large Quantity of Household Articles Located in Vacant Lot in James Bay

Boys playing in the vacant lot at the corner of Niagara and Menzies Streets on Sunday morning made a discovery of a large quantity of clothing, books and other articles. The police are at a loss to account for the presence of the articles at that spot. Constable Fry gathered the goods together, seven large sacks being required to hold it all. The articles consisted of clothing, a large number of well-bound books, and included a concertina, clock, boots, razor, knives and forks, and a gold ring. A number of letters were among the lot, one bearing the London, England, postmark, and dated in November last, addressed to "Mr. M. F. Meahurst, C. P. R. Hotel Construction, Banff, Alberta." This letter was written by Messrs. James Powell & Sons, of London, and is apparently an acknowledgement of an order from Mr. Meahurst. Several receipts for money forwarded by the latter and signed by the firm are enclosed in the letter.

How the goods came to the lot where they were found, and whether they were stolen and secreted there, are questions which the police cannot answer. All the property is now held at the police headquarters, pending the finding of the rightful owner.

FOUR MINERS KILLED

Buried by Fall of Rock While Working in Mine Twenty-Five Miles From Cobalt, Ont.

COBALT, Ont., May 11.—A report is to hand to the effect that a serious accident, involving the death of four men and seriously injuring half a dozen others, occurred today at Longland, twenty-five miles from here, where operations are being carried on by the Canadian Exploration Company.

As far as can be learned the dead men are: Collins, Defou, Joe Kelly and Alex. Gauthier, the three Cobalt men having only been in the locality since April. It is believed the men are buried under a fall of rock

FOUND NEW TRIBES

Expedition Sent by University of Pennsylvania Makes Discoveries in Guiana and Brazil

PHILADELPHIA, Pa., May 11.—Col. Roosevelt, who declares he has discovered a new river in Brazil, will have to share the laurels in that field of exploration with the leaders of the University of Pennsylvania Amazon expedition, who announced in a letter received here today the discovery of ten hitherto unknown and unidentified Indian tribes; the arrangements of their vocabularies and the placement on the map of a vast tract of Brazilian territory.

Dr. Wm. C. Farabee, head of the exploring party, states in the letter that he reached Georgetown, British Guiana, on April 19, after a year spent in the Amazon basin and the highlands which divide Brazil from the Guianas. The party, the letter continues, experienced terrible hardships while traversing the jungle, and were compelled to live on monkey and alligator flesh when their regular food supply was exhausted and their ammunition was ruined.

The expedition emerged from the jungle bareheaded, barefooted, hungry and fever-racked.

Dr. Farabee continues: "From December 15 to April 1, we were among tribes who had never seen white men before. None of them had even seen guns or salt or clothing, or matches. They had beads and knives. All wanted fish hooks. I made measurements of the men and women, took photographs and recorded languages.

"We visited the following tribes in Southern British Guiana: Wai Wai, Parikutu, Waime, Chikena, Katlawan, Toneyan, Diow, Kumayonas and Urukwonas. None of these tribes are mentioned in Brinton's list of American races. Several new tribes were found on the Brazilian side of the divide.

Toronto Merchant Dead

TORONTO, Ont., May 11.—A leading figure in the wholesale grocery world of the city passed away today in the death of Mr. Joseph F. Eby, of the firm of Eby, Blain & Co., from pneumonia. The deceased was born in 1844.

CITY NEWS IN BRIEF

Want Victoria Represented—The attendance of a representative of the Victoria City Council at the forthcoming town planning convention at Toronto, held under the auspices of the Dominion Commission on Conservation, was urged in a telegram from the secretary of the commission, read at last night's meeting of the City Council. The city has already received the formal invitation. The telegram pointed out that of 110 cities and towns invited to attend but 13 have failed to respond. The invitation will be considered at the next meeting of the Council.

German Bands Taboo—No German band will discourse music in the streets of Victoria this year. By the refusal of a license to the aggregation of Teuton musicians over which August Kiefaber wields the baton, the City Council went on record as to its stand in respect to such organizations. Herr Kiefaber stated in his application that it is his intention to play on the outskirts of the city during the day and frequent the downtown section after nightfall. Alderman Porter's objection to the issuance of the permit was approved of by the balance of the board.

Milk By-Law Passed—The new milk by-law whereby dairies and dealers will be licensed and regulations made for the proper construction and equipment of premises in which milk is vended or stored, was put through its various stages by the City Council last night. By this by-law dairies not only inside the city, but also outside, will be regulated by means of the license system and only those concerns or individuals holding licenses will be permitted to sell milk in the city. A license fee of $1 each six months will be levied. The by-law must be assented to by the Lieutenant-Governor-in-Council before it can become law.

City's Bank Statement—At the end of April the city had a net credit balance at the Bank of British North America, according to the report of City Comptroller Raymur, of $1,470,230. Credit balances aggregating $3,172,114 were made up of the following principal amounts: General revenue $34,893, general purpose sinking funds $739,244, local improvement sinking funds $608,489, school purposes loans $126,236, water works loan $552,000, police headquarters by-law funds $71,933, sewer loan funds $357,017, local improvement construction account $658,134. Debit balances aggregated $1,701,883, made up of local improvement construction account overdraft, $815,883, annual loan by-law notes, $785,000, local improvement notes, $101,000.

Vancouver Street Re-Paving—The contract for the re-surfacing of the existing pavement on Vancouver Street will be let to the Canadian Mineral Rubber Company. Recently bids were called for and two were received, the lowest of which, that of the Worswick Paving Company, was at the rate of 80c per square yard for one inch of asphalt surface, and, in addition, the cost of repairing gutters, etc., would have to be added, about $500, to the cost. The Canadian Mineral Rubber Company will do the work by laying a two-inch surface, with a five-year guarantee, at 90c per yard. The total cost will probably be about $800 more than the bid of the Worswick Paving Company, but in addition to the extra depth of surface the city will have the guarantee and will also be providing a larger amount of yardage to be included in the recent contract made with the company.

Athanasian Creed

BROCKVILLE, Ont., May 11.—Bishop Bidwell, who was requested by the committee of the general synod of the Church of England in Canada to prepare a press statement of the work done, said today that the committee recommended the retention of the Athanasian Creed in full, with rubrics directing its use exactly as at present, but they have added a liturgical version, in which verses one, two and three last are omitted, which may be used as an alternative to the creed in full.

Killed in Runaway

SASKATOON, Sask., May 11.—The ten-year-old daughter of A. De Miloeff, a farmer in the Borden District, was killed today, when the team she was driving ran away and the girl was crushed to death.

PRINCE ALBERT PIONEER

Death of Mr. J. F. Betts, Who Erected First Building on Townsite—Was Speaker of Old Legislature

PRINCE ALBERT, Sask., May 11.—This city is today mourning the loss of one of her most distinguished citizens, Mr. John F. Betts, formerly Speaker of the Legislature of the Northwest Territories, who died on Saturday at his residence, 219 Nineteenth Street West. Nearly three months ago he was stricken with an attack of pleurisy, and from this he never fully recovered, though he rallied at intervals. He is survived by a widow.

Mr. Betts was, perhaps, better known throughout the Prince Albert district than any other man. Coming here thirty-five years ago, he at once began to take an active interest in all public matters and his great ability as a public speaker made his name a household word in this community. In almost every election held in this constituency, Mr. Betts was to the fore, and no one was listened to with greater pleasure and interest when campaign strife was on.

The late J. F. Betts was born in October, 1854, at Hastings, Ont., the son of Rev. Alonzo Arden and Carolina Betts. He was educated at Albert College, Belleville, and came to Prince Albert first in 1879. He engaged in the general trading business for a time and ultimately entered into partnership with Richard Gwynne, under the firm name of Betts and Gwynne. He erected the first building on the townsite of Prince Albert and occupied the same till two years ago.

Since 1909 he has been in business for himself. He was elected to the [illegible] Council of Prince Albert in [illegible] mayor nine years, chairman of the School Board in [illegible], member of the Northwest Territories Legislative Assembly for Prince Albert [illegible] 1888, re-elected in 1891 and [illegible] of the Legislative Assembly [illegible] justice of the peace [illegible] with the commissioner [illegible] Mounted Police [illegible] 1886. He was a [illegible]

Real Reductions in Smart Hats

CITY NEWS IN BRIEF

Awards Contract—On the recommendation of the parks' committee the City Council last night awarded to Messrs. Griffiths & Company the contract for the erection of the public convenience at Stadacona Park at a cost of $740.

Saanich By-Laws—The Saanich council held a special council meeting yesterday afternoon at which it discussed and approved a number of by-laws for the better regulations of roads, sidewalks and traffic, and also for the erection and use of tents.

Civil Service Examinations—The Dominion Civil Service examinations begin today in the Council Chamber of the City Hall at 1:30. The preliminary will be taken today and the qualifying and naval cadetship on Wednesday at 8 a.m. Rev. Dr. Campbell will preside.

Will Supply Water Pipe—The contract for the supply of 10,000 lineal feet of four-inch steel pipe for water works purposes will be let by the city to Messrs. Evans, Coleman & Evans, whose bid of $26.58 per 100 feet has been accepted.

Laying the Dust—The Municipality of Oak Bay has during the past few days oiled that portion of Oak Bay Avenue lying within the municipality, with a consequent decrease of the dust nuisance, which has been so evident of late along that thoroughfare since the dry weather began.

Consider Jail Plans—A meeting of the jail committee of the City Council will be held this afternoon at 3 o'clock, when there will be further discussion of the plans for the proposed new police headquarters and jail, to be located on Fisgard Street, at the rear of the present market building.

Ladies' Swimming Club—Through the courtesy of the Y. M. C. A., the Victoria Ladies' Swimming Club begins its second session at the association bath on Thursday, May 14, at 9 a. m. Ladies wishing to join for the Summer can obtain particulars on application to the Y. M. C. A.

Make Charge for Plans—Hereafter the city will make a charge of $3 on all plans and specifications for septic tank systems supplied to persons outside the city limits making application therefor, and a charge of 25 cents per copy will be made for copies of the plumbing by-law.

Has Lumber for Sale—Between two and three million feet of timber now floating in Sooke Lake will be sold by the city. Bids for this material will be called for by Water Commissioner Rust. The logs have been cleared from off the lake shores and watershed, and the great majority of them are of excellent lumber producing quality.

Motor Equipment—Equipment for the city engineer's department will be purchased by the city as follows: One motor truck and runabout for the water works service, one and one-half ton motor truck for hauling steel from the blacksmith shop, and one five-ton motor truck for general construction account. Bids for this equipment will be called for at once.

Expected on Thursday—Word was received yesterday at the offices of the Victoria Board of Trade from Col. E. G. Prior, president of that organization, to the effect that he has arrived at Montreal from Europe, and is en route to this city. With the exception of a brief stay at one of the Provincial interior cities, he will make the journey without a break and, therefore, should be here either on Thursday or Friday.

50th Highlanders—Lt.-Col. A. W. Currie announced yesterday that recruiting for this regiment has been going on so successful through the last fortnight that the 300 mark has now been passed and a long step accomplished towards the realization of the goal aime dat since the formation of the regiment, namely, to have 400 men on the rolls before the time for the first camp or field manoeuvres arrives.

False Pretences—Accused of obtaining money by false pretences, Livingstone Thompson was arraigned in the Police Court yesterday. He was brought from North Vancouver by Detective Heather on Sunday. The allegation is that Thompson induced J. H. Tomlinson to endorse his cheque for $15, knowing that he had not the funds to meet it. Mr. Tomlinson asserts that the defendant told him the money was to his credit in a Vancouver bank. The cheque having been dishonored, action was taken. The case was remanded till Thursday.

Must Leave City—Harry Cummings was before the police magistrate yesterday charged with vagrancy. For his defence he said that he was left stranded here by a theatrical troupe, his salary not being paid. Since then, he said, he had not been able to get employment. The police, however, declared that they had known him for a month and his habits were not those of a man sincerely anxious to obtain work. In order to give the accused a chance to leave the city, he was remanded for a day on his own recognizances.

Golf Course Surveys—Surveys of the city's property at Elk Lake, whereon, it has been suggested, a civic golf course should be constructed for the use of the public, were completed on Saturday. As soon as the data secured has been compiled, City Engineer Rust will prepare an estimate of the cost of laying out a full course and making necessary improvements for the accommodation of patrons of the course. As soon as this report is before the Council a decision will be reached as to whether or not it is desirable that the project should be carried out this year.

Pacific Logging Congress—The sixth session of the Pacific Logging Congress will be held at Bellingham, Wash., August 27 to 29. Mr. George M. Cornwall, editor of The Timberman, Portland, who is touring the Northwest in the interest of the congress, was in the city yesterday, conferring with Mr. Peter Lind, British Columbia's executive member. Mr. Cornwall explained that the chief object of the session would be the standardization of logging engineering, a scheme which the congress had had in hand for some time.

Wife Wants Victoria—"I would like to live in Victoria," writes a resident of Los Angeles to the Development League this week. "I am a Canadian and tired of the United States. . . . My wife wants to live in Victoria and that settles it." The writer describes himself as a maker of small novelties, guitars, banjos, artist and camera goods, and asks if he can get his machines, which were made in Toronto, into the Dominion free of duty. The Danish Consul at Vancouver writes thanking for literature furnished him and another inquiry comes from Sheffield, in England.

Back From North—Mr. Edwin Coventry has just returned from a trip to Northern points, having visited Prince Rupert and run over the Grand Trunk Pacific Railway as far as Smithers. He reports that, while there is considerable activity at Rupert, the feeling is that the great impetus to the growth of the Northern port will come with the formal opening to traffic of the G. T. P. in the Fall of the present year. The track as far as Hazelton is in splendid condition, but further east much ballasting remains to be done. The weather was exceptionally fine in the North during the whole of Mr. Coventry's trip.

Death of Mrs. Hargreaves—Information was received in the city last night of the sudden death, on Saturday, at Greenwood, of Mrs. Hargreaves, wife of Mr. H. Hargreaves, one of the officials of the British Columbia Copper Company. The bereaved husband was to leave Greenwood on Monday afternoon, accompanying the body, which is to be interred in Victoria, a sister of the deceased lady being resident in the city. Mr. Hargreaves will be remembered by many local Freemasons as having some time ago come to the city in charge of the body of the late Mr. E. G. Warren, of Greenwood, which was buried here.

Building Activity in Oak Bay—Among the permits for building issued by the Oak Bay Municipality during the past week was one for the erection of St. Columba's Presbyterian Church on Mitchell Street at a cost of $20,000; others to Mr. H. Starkey for a five-roomed house on Florence Street, to cost $2,500; to Mr. G. C. Hurrell for one of nine rooms on Patricia Avenue, to cost $6,300; to Mr. J. G. Fenwick for an eight-roomed house on Transit Road, at a cost of $4,800; to Mr. P. D. Goepel for a five-roomed house on Hampshire Road, to cost $3,000; to the Victoria Golf Club for alterations costing $450, besides several others for smaller amounts.

Gave Indian Whisky—Horace Hochfort was sentenced to one month's imprisonment by Magistrate Jay yesterday for supplying an Indian known as Jasper, with a bottle of whisky. Jasper paid a $25 fine. The evidence of Constable Bishop, who made the arrest, and Dominion Constable O'Connell, who was close at hand at the time, was to the effect that Hochfort and Jasper met on Johnson Street last Saturday. They went into Oriental Alley to enjoy the beverage, and were in the act when caught. Jasper stated that Hochfort asked him whether he wanted whisky. Producing 50c, Hochfort had gone and returned with the flask. Hochfort denied that he had supplied the Indian, declaring that there was some mistake.

Employees Disappointed—A large number of members of the Retail Employees' Association were in attendance at the City Council meeting last night, evidently being under the impression that the by-law to authorize the institution of a weekly half-holiday would be submitted. At a recent meeting the Council approved of the inauguration of the holiday, the day to be selected being left to be determined when the measure was submitted. City Solicitor Robertson has been at work drafting the by-law, but the measure is not yet ready and could not be brought down last night. Copies of resolutions passed at a meeting of the employees held in the Victoria Theatre on Sunday evening were before the Aldermen and were tabled until such time as the by-law is ready for consideration.

Traffic Regulations—Owners of three motor cars were before Magistrate Jay yesterday on charges of breaking the traffic regulations in various ways. E. A. Taylor was accused of allowing his car to stand for three hours on Fort Street in such a position that it interfered with traffic. He pleaded guilty, explaining that he did not know there was any special rule applying to that part of the street between Broad and Government Streets. He was dismissed with a warning. Failing to stop behind a stationary street car was the information against A. G. White. He asked for a remand till today, which was allowed. De Carteret Andros was charged with driving on the wrong side of Government Street. This charge was dismissed, the defendant proving conclusively that he was not driving a car on the day of the alleged breach of the law.

Oiling Dusty Streets—A start on the oiling of city streets to abate the dust nuisance has been made by a gang under the direction of Streets Superintendent Owens. Victoria West thoroughfares are being attended to first. Among the streets to be immediately treated are Catherine, Wilson, William, Springfield, Skinner, McPherson, Fullerton, Russell and Esquimalt Road. This work will be completed in a few days, when attention will be paid to streets in other sections of the city. The motor sprinkling apparatus purchased by the city two years ago has been adapted to the work, and a large area can be oiled in a modicum of time. About four times the area can be treated at about one-half of the cost of the old system of horse-drawn tanks. The city has arranged to secure all the oil it requires from the Victoria Machinery Depot at a cost of 3 1-4c per gallon.

Fighting Fruit Pests—Mr. Thomas Cunningham, Inspector of Fruit Pests for the Province, has issued circulars which are of importance to all importers of fruit and vegetables. To guard against the introduction of the potato moth from the State of California, all shipments of potatoes coming from any State or territory South of the International boundary must be accompanied by an affadavit stating the precise locality where grown, the names of shipper and consignee and date of shipment and number of packages, without the above particulars the customs will not accept entry. Also to guard against fruit or other vegetation infected with codlin moth. Mr. Cunningham, warns all concerned that any cars found to be so infected will be at once sealed and ordered out of the Province. These measures are taken to protect British Columbia from destructive fruit and vegetable pests which, in the case of codlin moth, have already cost the Province a large expenditure in the past two years.

THE WEATHER

Meteorological Office, Victoria, B. C., at 8 p.m., May 11, 1914.

SYNOPSIS

The barometer is abnormally high over the North Pacific Slope and fine weather is general, while on the Oregon and California Coast high northerly winds prevail. Sharp frosts are reported in the Prairie Provinces.

DOMINION TRUST COMPANY

When Drawing Your Will

It is not enough to provide your dependents with money; you must also select a manager for the money.

The Trust Company is the most effective modern instrument for the management of money. It assembles experts. It organizes them into departments. It is responsible. Should it make a mistake its shareholders—not your dependent heirs—will pay for that mistake.

Above all, its chief business is the care of estates, trusts and money. The interests of your dependent ones will be safe in its hands.

TRUST COMPANY ACT PROTECTS INVESTOR

Legislation Passed Last Session Coming Into Force—Stringent Regulations Are Commended.

Instructed by Hon. W. J. Bowser, Mr. W. Upton Runnals, Inspector of Trust Companies, is busily engaged on the important task which falls to his hands from the enforcement of the Trust Companies Act, which was passed at the last session of the Legislature. Mr. Runnals has just returned from a visit to the Mainland, where he has been in consultation with the heads of several companies. He reports that in almost every quarter he found a disposition to meet the provisions of the new act, which is pronounced by experts to be one of the best pieces of legislation that has ever been put on the statute books of this Province.

In certain respects the act is in force at the present time. That is to say, existing trust companies must not now advertise that they are operating under Government supervision. This provision affects any incorporated society which has power under its charter to carry on a trust business.

There are at present some 380 "trust" companies in business in the Province Under the provisions of the act, on or before the 1st of July of this year, no company shall commence or continue to carry on a trust business unless it has deposited with the Minister of Finance and Agriculture a deposit of not less than $25,000 nor more than $200,000. It is with this phase of the situation that Mr. Runnals is now busying himself. This deposit may be in three forms, deposit receipt, securities or bonds.

By order-in-council a week ago the following regulations were passed:

1. All deposits made by trust companies under section 39 of the Trust Companies Act, being chapter 13 of the Statutes of British Columbia for 1914, shall be in accordance with the following scale:

(1)	Where the amount of moneys held by the company, consisting of money received on deposit within the Province and money received within the Province in trust for investment, together with all property or estate, real or personal, held by the company subject to any trust or by virtue of any office accepted by, or lawfully imposed upon, the company within the Province and included in the objects set out in schedule A to the said act, does not, in the aggregate, exceed in value the sum of $100,000.00	$ 25,000.00
(2)	Where such aggregate value exceeds $100,000.00 but does not exceed $200,000.00	50,000.00
(3)	Where such aggregate value exceeds $200,00.00 but does not exceed $300,000.00	75,000.00
(4)	Where such aggregate value exceeds $300,000.00 but does not exceed $400,000.00	100,000.00
(5)	Where such aggregate value exceeds $400,000.00 but does not exceed $500,000.00	125,000.00
(6)	Where such aggregate value exceeds $500,000.00 but does not exceed $750,000.00	150,000.00
(7)	Where such aggregate value exceeds $750,000.00 but does not exceed $1,000,000.00	175,000.00
(8)	Where such aggregate value exceeds $1,000,000.00	200,000.00

By the 4th of December, 1915, all trust companies must have a subscribed capital of $250,000, of which $100,000 is paid up in cash and unimpaired, and $10,000 additional for every branch office. The company will not be allowed, at the expiration of that time, to issue debentures or debenture stock, and must establish to the satisfaction of the inspector that the company and its directors and managers have qualifications necessary for the proper carrying out of their duties as a trust company.

Any new company seeking incorporation must have twenty-five persons sign the application, and each member so signing must have invested $1,000 each in the company. Shares are to be of the denomination of $100. Prior to the passage of the new act, any five people could secure incorporation, but now there will be no chance for the utilization of "stool pigeons."

Those seeking to incorporate must satisfy the inspector that it is expedient that there should be another trust company formed to serve the interests of the particular locality mentioned.

In respect to management, it is provided that the directors must, once each year, nominate a committee of at least three to make a personal inspection of the books, with the aid of a competent accountant, and pass upon the securities individually, a copy of this report to be given the manager and a certified copy handed to the inspector.

If a deposit business is carried on, 25 per cent of the amount so received must be kept intact, either in cash or deposited in a chartered bank. This provision was framed to protect depositors in the event of their being any run on the institution, due to panic or other cause.

Trust companies shall not advertise or display their authorized capital unless it is fully paid up; they may only advertise and display the subscribed capital, the actual capital, surplus and undivided profits. They cannot open any branch office unless it is registered. A period of eighteen months is given in which to change the name and register. This affects companies already incorporated.

It is estimated that with the bringing into operation of the security clause of the act, by order-in-council passed one week ago, a very large number of the existing so-called "trust" companies will eliminate that feature from their business, leaving, perhaps, some thirty-five or forty companies to remain under the provisions of the new measure. It is not suggested that such companies will not continue to do business, for they may choose simply to delete the trust feature and continue as investment companies, etc.

There is every expectation that the act will prove a real boon to the Province. Now that sufficient time has been given to enable those whom it directly affects to study all its provisions, little, if any, hostile criticism is encountered. Some of the ablest financial authorities in the Province have taken occasion to assure Mr. Bowser that the new act is welcomed, not only by the heads of all bona-fide companies in British Columbia, but because it gives an assurance that hereafter the interests of the public will be amply safeguarded against perils which were present up to the time of this legislation.

PREMIER TO INSPECT C.N.P.R. AS FAR AS CISCO

Will Join Party at New Westminster Tomorrow and Look Over Completed Lines

Sir Richard McBride left on the midnight boat for the Mainland. This morning at New Westminster he will join a small party who, at the invitation of Mr. J. Whyte, chief engineer of construction of the C. N. P. Railway, will make a run of some 138 miles over the line as far as Cisco. At this point the great railway bridge of the company, which is just about completed, will be inspected. The party will return to New Westminster this evening, and Sir Richard hopes to be back in the capital tomorrow.

Speaking to The Colonist yesterday, the Premier said he was looking forward to the short excursion with especial pleasure. The bridge at Cisco, a few miles west of Lytton, is an engineering triumph of no small magnitude. Its location is almost directly over the C. P. R. bridge at the same point, at a greater elevation.

"It is to be regretted," said Sir Richard, "that those who show a disposition to complain that the C. N. P. R. line is not being constructed on first-class lines could not see the splendid work which is being done on all sections of the line in this Province. The manner in which the great undertaking has been pushed forward reflects the highest credit upon the builders of the railway, and is a source of the greatest satisfaction to the Government."

WILL PLACE BABY SHOW ON NEW BASIS

Council of Women of Victoria Will Manage One of the Unique Features of Dominion Exhibition.

One of the most important matters considered at a fully attended meeting of the executive of the B. C. Agricultural Association held yesterday morning was the management of the Baby Show in connection with the Dominion Exhibition, which takes place in Victoria from September 21 to 26. This feature was inaugurated last year. It proved exceedingly popular, there being so many entries that the difficulty was to so arrange for the judging that it would be satisfactory to all concerned. Therefore, while it was the intention to repeat it this year, the problem was one of administration. For this reason a communication from the local Council of Women, proposing to take over its management, was read with interest and accepted without reservation.

The plans of the organization referred to, in this connection, are of exceptional interest. Besides the show, it is the intention to open a day nursery for the convenience of the mothers and the children attending the exhibition which, it is pointed out, will add to its popularity and increase the number of visiting families. The nursery will be equipped with examination rooms and a lecture hall. All the entries will be received by the Council, and the services of examining physicians and trained nurses will be secured in the different sections of the city and the adjacent districts (the latter including Oak Bay and Esquimalt), who will make a preliminary examination of all babies entered and select such as are qualified to undergo a final examination during the week of the exhibition. Physicians will be obtained for the final examination and trained nurses will be employed as well as other attendants for the nursery.

In addition it is proposed to have a large amount of educational literature for free distribution. Short talks will be given by competent lecturers on the care of children, their feeding, their clothing and, if possible, these addresses will be illustrated in order to make clear to those interested the value of foods, the necessity and the way of tagkin proper care of the eyes, teeth, etc. To carry the preparations through in a satisfactory manner it is undertaken to secure a centrally located committee room and employ a paid secretary for a month or more prior to the show.

The undertakings of the Council of Women were accepted in toto. An appropriation asked for in order to assist in the financing of the scheme was voted without a dissenting voice. Mr. George Sangster, the secretary, will advise those concerned to this effect immediately in order that the organization may proceed with the work of carrying out its plans as soon as it is thought necessary.

It was reported by the secretary that the work of improving the exhibition grounds and of erecting the new building, the contract for which was awarded some weeks ago, was proceeding satisfactorily. Members of the executive decided to visit the scene tomorrow morning.

Y. W. C. A. SWIMMING CLUB

By Kindness of Y. M. C. A. Ladies Will Have Use of Tank During Summer

Great interest and enthusiasm are being manifested with regard to the Y. W. C. A. Gymnastic and Swimming Club, which commences activities on Monday evening, May 25. Much appreciation is expressed of the kindness of the Y. M. C. A. in allowing this use of its tank and gymnasium, and numerous letters of application from would-be members are already coming in. Miss Jervis, whose gymnastic and dancing classes at the Y. W. C. A. have been one of the most pleasant features of the Winter season, has kindly promised to attend each Monday evening in the gymnasium and give an hour's tuition in apparatus work and basketball. The hours available for tank and gymnasium will be from 7 to 10 o'clock, and the swimmers will contrive to leave the time free at the end of the evening for the gymnasts to take a "shower" or "plunge" after their exertions.

Reported Coming Here

The German steamer Prince Waldemar is reported to have sailed from Sydney, Australia, April 6, and Brisbane, April 7, for Victoria and Vancouver.

SOUND CONDITIONS IN MINING INDUSTRY

Minister of Public Works Returns From Tour of Interior Full of Optimism as to the Future.

Hon. Thos. Taylor, Minister of Public Works, has just returned from an extensive tour of the Province and as far East as Calgary. He comes back more convinced than ever that conditions in British Columbia are sound. He is especially assured that the outlook for the mining industry could hardly be better.

"I first went to Revelstoke," said Mr. Taylor, "and there I found little evidence of depression. A most hopeful feeling pervades the whole community as to the future. I visited Kaslo, Nelson, Cranbrook, Wardner, Fort Steele, Fernie and Calgary, and returned by way of Field and Golden to Revelstoke.

"I was much impressed with the mining districts. Developments in the silver-lead mines in the Slocan district are exceptionally satisfactory. The same applies to the mines in the Rossland, Nelson and Boundary districts.

"A most re-assuring feature of the situation is the fact that a lot of old properties are again being worked. They have opened up an old cross-cut and struck better ore than they ever had. The Slocan Star people are extending their developments, and it reported that the Noble Five mine is meeting with much success in present operations. There is a good deal of development work in progress in the Trout Lake country. Here the Great Northern property is looking exceptionally well. There is also much activity in the Ainsworth camp and in East Kootenay."

While away Mr. Taylor had an opportunity of inspecting some large public works, either completed or in process of completion—a large court house at Revelstoke, a steel bridge across the Kootenay River at Taghum, and the court house which was recently completed at Kaslo.

Mr. Taylor reports that there is much activity at Golden as a result of big operations of the C. P. R. in connection with their double-tracking, and the big bore near Glacier. All through the Interior it is noticeable also that the sawmills are commencing to show signs of renewed activity. While the demand from the Prairies has not been very good for some time past, the prospects are distinctly brighter.

OBITUARY NOTICES

The funeral of the late Wm. J. Sutton will take place from the late residence, 749 Discoverey Street, on Thursday, May 13, at 2:30 p.m., proceeding to Christ Church, where service will be conducted by the Rev. Robert Connell, interment taking place in Ross Bay cemetery. As many members of the Royal Astronomical Society as can find it possible are requested to attend. The remains arrived from Ucluelet on Sunday evening on the tug Olive, which was specially chartered to go up and bring the body home.

Mrs. Ruby Hargreaves died at Greenwood, B. C., on May 8. She was born in Winnipeg, and was thirty-seven years of age. The remains will arrive in the city on Wednesday, accompanied by her husband. The funeral will take place from the residence of her sister, Mrs. Capt. Bilton, 1030 Southgate Street, on Thursday, May 14, where service will be held. Mrs. Bilton and Mrs. Colling, two sisters of the deceased lady, reside in Victoria. Interment will be made in Ross Bay cemetery.

The funeral of the late Thomas Birney, son of Mr. and Mrs. James Birney, sr., took place on Monday afternoon at 2:30 p.m., service being conducted by the Rev. J. H. S. Sweet. There was a large attendance, and many floral designs covered the casket. The Longshoremen's Union, of which deceased was a member, attended in a body. Two hymns were sung, "Rock of Ages" and "Nearer, My God, to Thee." The bearers were: J. A. McDowell, G. Imbert, J. Lippitt, W. C. Wilson, J. Roskamp and W. A. Kippen. Interment took place in Ross Bay cemetery.

The funeral of the late Mrs. Gertrude Alice McDonald took place yesterday afternoon from her parents' residence, 1250 Fairfield Road, at 2:30 o'clock. Rev. J. G. Inkster and Rev. McCoy officiated at the residence, and Rev. J. G. Inkster and Rev. H. Warnicker at the graveside. There was an unusually large attendance of relatives and friends. The floral tributes were many and beautiful, including a handsome wreath presented by the Government Printing Department, and a broken wheel, presented by the employees of the Excelsior Motor Cycle Co., which showed the high esteem in which the deceased was held. The hymn sung at the residence was "Rock of Ages," and the pallbearers were Messrs. D. W. Webster, L. H. Gordon, W. H. Creech, A. L. Creech, E. Hanbury and E. Harris. Interment took place in the family plot at Ross Bay Cemetery.

Canadian Pacific Dividend

MONTREAL, May 11.—At a meeting of the directors of the Canadian Pacific Railway Company held today a dividend of two and one-half per cent on the common stock for the quarter ended March 31 last, being at the rate of seven per cent per annum from revenue and three per cent per annum from special income account, was declared, payable June 30 next, to shareholders of record at 1 p. m. on May 30 next.

Births, Marriages, Deaths

DIED

WILKINSON—On the 9th inst., at the Victoria Private Hospital, the infant daughter of Mr. and Mrs. E. M. Wilkinson. Interment at Patricia Bay.

HARGREAVES—On the 8th inst., at Greenwood, B. C., Mrs. Ruby Hargreaves, aged 37 years. Born at Winnipeg, Man.

The remains will arrive in Victoria on Wednesday, and the funeral will take place from her sister's residence (Mrs. Capt. Bilton), 1030 Southgate Street, on Thursday, May 14, at 3 p.m., where service will be held. Interment in Ross Bay Cemetery.

SUTTON—At Ucluelet, May 9, William John Sutton, of Victoria, B. C., aged 55 years; eldest son of the late Sheriff Sutton, of Walkerton, Ont. A native of Kincardine, Ont.

The funeral will leave the residence, 749 Discovery, on Wednesday next, the 13th., at 2:30 p.m., and Christ Church Cathedral at 3 o'clock. No flowers, by request.

STEITZ—On the 9th inst., at his home, 974 North Park Street, Reinhart Steitz, aged 71 years. Born in Germany, a resident of this city for the past twelve years. The deceased leaves to mourn his loss, besides his wife, nine children and one sister, Mrs. Pelletier, and brother of the late George and Fred Steitz.

The funeral which is being arranged by the Sands Funeral Furnishing Company, Quadra Street, will take place this afternoon at 2:30 o'clock, from the above residence. Interment will take place at Ross Bay Cemetery.

Camp Time Is Columbia Time

¶ A day like yesterday makes you think about camp for another season. Those who love the free, open air existence so delightful in Summer, began to look up the tents and the camp stove, and the hundred and one things that were laid away after last season's pleasures were cut short by Winter's arrival.

Take a Columbia This Summer

¶ Don't stop short at the ordinary camp equipment this Summer. Add a Columbia and be up to date. Camps all over this continent will be enlivened and made jollier and more enjoyable this Summer by the presence of Columbias. Why not your's?

¶ The price of a Columbia is pretty much whatever you want to pay; that is, you can find a good Columbia at a price to suit your pocket. Furthermore, you can get a Columbia that is easy to carry and that doesn't take up much room. Then, you can get a Columbia on such very easy terms. Just pay a few dollars down and we will arrange the balance on terms to suit you. Pay for it while you use it.

Come in this week and hear the Columbias. Let us play over some records suitable for camp jollifications and you will agree with us that you do not want to pass another Summer without a Columbia

LARGE AUDIENCE SEES "ARE YOU A MASON?"

A well-constructed play with an abundance of laughable situations is "Are You a Mason?" the dramatic fare provided this week at the Victoria Theatre. The story of the conspiring husbands who cloak their nocturnal adventures under the plan of Masonry is too well-known to need comment, and is admirably presented. Mr. Arthur Belasco gave a characteristic rendering of the susceptible husband, while Miss Hilda Graham, as his wife, played with vivacity and grace. Miss Ethel Tucker, as the suspicious mother-in-law caused much merriment by her allusions to the "late Angelina," and Mr. James, as the henpecked Mr. Packer, gave a thoroughly amusing performance. Miss Jean Mallory, as the sister, and Messrs. Gilbert, Mitchell and Horne gave satisfactory support, and completed a well-balanced caste. The play will be repeated throughout the week at Summer prices, with matinees on Wednesday and Saturday.

CROWDS WITNESS "DRAMA OF CREATION"

Last night, at the Empress Theatre, a large crowd witnessed the exhibition of Part I. of the Photo Drama of the Creation. As usual, hundreds were unable to gain entrance, every available seat in the auditorium being occupied. The popularity of the drama and the rapidity with which it has swept across the American continent, has seldom, if ever, been duplicated in the history of the religious world. It is being exhibited in thirty or more cities at the present time. The larger theatres and auditoriums have been secured for that purpose. It is estimated that over 1,250,000 now witness the drama monthly.

Reproductions from the great biblical masterpieces from many galleries have been secured and are being exhibited in the drama. Some 500 beautifully hand-painted slides are used in the production of the four parts, while some of the greatest biblical actors of the day take part in the moving picture scenes. Most of the films are also colored with great care and accuracy of detail. The whole great Bible story is thus portrayed with a solemnity and dignity befitting the greatest and most tragic events of human history.

Part II. of the drama, which will be exhibited next Sunday, portrays the Bible history from the time of Melchisedec to the time of Elisha the prophet. Such scenes as these dealing with the patriarch Job, Joseph at the court of the Pharoah, the Israelitish bondage and their final deliverance by Moses, the crossing of the Red Sea and the wilderness journey carries one back over the intervening centuries with an accuracy and clearness of vision only rendered possible by the great advance of science and knowledge of our day. Such scenes as these, dealing with the inauguration of the Passover, the death of the Egyptian firstborn, softens many hearts. As scene after scene thus falls upon the screen, the unseen orator unfolds the great story of God's dealings with mankind as revealed in the scripture. In Part III. of the drama, which will be shown in the new Pantages Theatre on May 24, the famous Oberamergau Passion Play is reproduced, while Part IV. traces the world's history down to the present day and the establishment of the long-prayed-for kingdom. The object of the drama is to stimulate Bible study. The International Bible Students' Association, which is responsible for the production, never asks nor solicits money. The society is kept up entirely by voluntary contribution.

ESQUIMALT SEWERAGE

Messrs. Agnew and Young Awarded Important Contract at Last Night's Council Meeting

At the regular meeting of the Esquimalt Council, sitting as a committee of the whole last evening, the contract for approximately eight miles of Agnew & Young, of this city. The amount involved totals about $12,000. Work will be started without delay in order that the greatest possible progress may be made during the Summer months.

Eleven tenders were before Reeve Saunders and the councillors. These were opened at a special meeting held last Friday night, and were referred to the engineer for report. As a result of the interpretation of the figures, received last evening, the decision stated was reached. The contract covers what is known as Section "B" which takes in all the thickly populated districts lying between the city limits and Fraser Street and south of the "Old" Esquimalt Road.

Local Druggist Makes Many Friends

Hall Drug Company reports they are making many friends through the QUICK benefit which Victoria people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy became famous by curing appendicitis and is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-i-ka relieves constipation and gas on the stomach almost IMMEDIATELY. Hall Drug Company, cor. Yates and Douglas.

In Women's Realm

BY MARIA LAWSON

MRS. F. H. TORRINGTON

Let Something Good be Said

When over the fair fame of friend or foe
The shadow of disgrace shall fall, instead
Of words of blame or proof of thus and so,
Let something good be said.

Forget not that no fellow-being yet
May fail so low but love may lift his head;
Even the cheek of shame with tears is wet,
If something good be said.

No generous heart may vainly turn aside
In ways of sympathy; no soul is dead
But may awaken strong and glorified,
If something good be said.

And so I charge ye, by the thorny crown,
And by the cross on which the Saviour bled,
And by your own soul's hope of fair renown,
Let something good be said.

—James Whitcomb Riley.

A Noted Canadian

Mrs. F. H. Torrington is one of the representative women of Canada. She is president of the National Council, and is at present a delegate to the great meeting at Rome of the International Council.

In all movements for reform of social conditions in Toronto and throughout Canada, Mrs. Torrington has been a leader, and she was one of the founders of the Women's Canadian Club. She, as one would expect of the wife of a great musician, takes an interest in art and has helped to spread a love of the beautiful among her fellow citizens.

Though an Irishwoman by birth, she is among those who understand the value to a young country of the study of its history and the preservation of all that can throw light upon its beginnings. Mrs. Torrington has spent forty-five years in Canada, and has identified herself with much that is best and most uplifting in Canadian life. When fuller reports come to hand we will find that she has proved a worthy representative of our country in the great assemblage of women from all lands which is in session at Rome.

Beautiful Books

Beautiful books for little children and for older boys and girls are continually being added to the public library. To those who remember the books in which children delighted half a century ago the attractiveness of present-day volumes is amazing.

Printing, paper, illustrations and binding are all good, and the descriptions, poetry, or stories are all written in a style worthy of the fine mechanical execution. Very often some standard author is rendered doubly attractive by new illustrations. Scott, Dickens, Stevenson and others, which, in the plainest of bindings, and often in poor printing and paper, were used by fathers and grandfathers, now appear in fine new dress for the young folks at little, if any, greater cost than that of the older copies.

It may be permitted to the elders to wonder whether these are read more eagerly, or enjoyed more thoroughly, than the plainer volumes were by the children who, half a century ago, had but few books. Among the newer volumes for the older children are "The Wonders of the Sea," with fine illustrations on every page, and another telling about the railways of the world.

More delightful still are the big picture books for little children. Many of these are Nature books, and the little ones will take a more keen pleasure in their outdoor rambles from having seen the pictures and read the descriptions. The greatest illustrators of today devote their talents to the amusement and instruction of children. In adding such books to the Public Library, the management is spreading far and wide a taste for art and a love of literature.

Cleaner Cities

From all directions come accounts of what is being done to make cities cleaner and more beautiful. The last to enter upon the task is the City of Halifax, which a week ago was to hold a public meeting to inaugurate a campaign of Spring cleaning.

Philadelphia has been at work for some time, and this is the result, according to The Inquirer of that city:

"Gratifying results followed the clean-up week, but these will be of little importance if the spirit does not continue throughout the entire year. Philadelphia is now in its best bib and tucker, and should remain so. Much as we necessarily depend upon the authorities for the heavier part of the work, that which is most essential is that every householder shall make up his mind to maintain existing conditions. It is the bits of paper and clusters of dirt that offend the eye. They are easily removed and ought not to be allowed to accumulate. Let every week be a clean-up week."

The women's societies of Montreal are busy urging a thorough cleaning of the streets, and Portland, beautiful as it is, does not feel that it is irreproachable.

In all directions federations of women's clubs are leading in the work of outdoor cleanliness, without which it is felt that the inside Spring cleaning loses much of its effectiveness. In Victoria, although we have one of the best park committees in Canada, people are sadly wanting in civic spirit. No one seems to be concerned in co-operating with the authorities. It is not an uncommon sight to see a man industriously cleaning the pavement while children and their elders throw fruit peelings and papers on the sidewalk or boulevard. Thistles and other noxious weeds are allowed to go to seed on every hand, notwithstanding city by-laws and regulations. It is high time Victoria joined with her sister cities in the effort to put away all things that offend the eye or endanger the health of the people.

There may be some of us who cannot afford to paint our houses, but there are none who cannot take time to make their premises clean and neat. The verdure of Spring now hides many an unsightly spot. It will be only a few months till the Summer tourists or visitors to the Fall Fair will notice these defects when the sun has dried the grass and the freshness of the foliage is gone.

The beauty of our city is very apparent to those who have an appreciation of Nature's loveliness. But everyone knows that there are many people who set more store upon cleanliness and neatness than they do upon the loveliest scenery. Perhaps they are partly justified in valuing highly evidences of the thrift and public spirit of the citizens. There is no reason why Victoria should not be one of the best kept cities on the continent, as well as one of the loveliest.

Should They Pay?

Ought the city to charge the parents of children sent to the Isolation Hospital for their treatment and board? The wealthy family, who can afford to get a trained nurse and have room to properly isolate the patients may, if they choose, refuse to send their children away when they have measles, scarlet fever or diphtheria. No such indulgence can be granted the family that lives in a cottage.

This year, it is hoped, there will not be much danger of infection. But in such cases as may occur, would it not be better that the taxpayers as a whole should bear the burden than that it should fall on parents who already have many burdens to bear?

No honest, independent father likes to plead poverty, however he may feel the burden of the debt incurred by putting the children in the isolation hospital. There are people who are ready to accept charity, but there are many who will not make such a plea.

It is very important that people shall not be tempted to conceal sickness of an infectious character. When we think that a visitation of scarlet fever may affect three or four or more members of a family, it is easy to see that expenses may run into a sum a poor man will find it difficult to pay. There must always be destruction of clothing and other expenses in connection with the disinfection of a house. If the City Fathers take all these things into consideration they may come to the conclusion that the expense of the isolation, which is for the good of the whole community, should be borne by all and not by the unfortunate people upon whom has fallen the burden of grief and anxiety. To add pecuniary loss to this, in the case of people who have already to struggle to make both ends meet, but who are excellent citizens, is poor policy.

A Success

The market which was opened in Portland, Oregon, a short time ago, has proved a great boon to the people of the district. The city people attend the market, and the farmers are coming in increasing numbers.

Another and larger street market is soon to be opened in a more central location. It is interesting to know that public markets are successful in a city where farm and garden produce are always comparatively cheap.

Prison Reform

All over Canada the question of prison reform is being discussed. The people are awakening to the fact that very cruel and useless methods have been used so long that the public conscience has become dulled to abuses.

What are we in Victoria doing for the reform of the unfortunates who from time to time commit minor breaches of the law? We will soon have a new prison, and it is to be hoped that it will be a place from which many men and women will come away better than when they entered it.

We must remember that those who commit offences are not all hardened criminals. To treat them as if they were thoroughly bad is not the way to make them better. Too many people look upon the men and women who are serving sentences as if they had no feelings to be considered. It is so easy to forget that each of us has some responsibility in such matters. Prison reform has begun in our Province, but its women should not be satisfied till conditions are as favorable to reform here as anywhere in the world.

ST. MARK'S DIVINITY HALL

Work Accomplished by Victoria Branch of Women's Guild—Subscription List Augmented

All those interested in the Provincial Theological College, will be glad to hear of the work that has been done in connection with it by the Victoria Branch of the Women's Guild of St. Mark's Hall.

Since December 1913, eighty annual subscriptions have been obtained, mostly of $1, and there are thirty names on the booking members' list. During January, four drawing room meetings were held by the principal, the Rev. C. A. Seager, in order that the work of the guild might become more widely known in Victoria. In March, two lectures were given by Mr. Seager and Archdeacon Scriven, the result being a profit of $34.60. Regular monthly meetings have been held by the working members, needlework and extra furnishing for the hall having been undertaken by them. Two officers from Victoria were present at the annual meeting of the central committee in Vancouver on April 27. In all, $167.50 has been raised during the past five months. The expenditure, including a debt of $10 amounted to $28.80. The officers for the Victoria Branch of the guild are: President, Mrs. W. Barton; vice-president, Mrs. Home; secretary-treasurer, Mrs. L. B. Kent.

Lecture on Monday—Rev. J. G. Inkster, pastor of the First Presbyterian Church, will lecture on "The Stranger Within Our Gates" for the C. E. Society of the First Congregational Church on Monday next, May 18, at 8 o'clock p.m. The lecture will be illustrated with stereopticon views.

Secrets of London Complexion Doctors

Famous London specialists who cater to titled ladies and others of social prominence, employ a remarkable method of complexion rejuvenation. One undergoing this treatment visits the beauty doctor late in the afternoon, has something dabbed over her face, then, heavily veiled, departs in her motor car. This is repeated daily for a week or so, when a complexion of snowy purity and exquisite delicacy is in evidence. The secret of this method is—ordinary mercolized wax. Anyone can apply the wax without assistance of a specialist. As ounce of it costs very little at any drug store (obtainable here as well as in England.) It is used like cold cream, before retiring, and washed off mornings. Its success is due to a peculiar absorbent property which gradually removes wornout particles of cuticle, revealing the younger, healthier skin beneath.

A wonderful wrinkle-chaser, also in vogue among Englishwomen, is prepared by dissolving 1 oz. powdered saxolite in ½ pint witch hazel. Used as a wash lotion, this completely and quickly effaces even the deepest lines.

CANNOT MEET WESTS IN GAME THIS WEEK

Senior Football Champions Offer to Meet Intermediate Title-Holders Next Tuesday Under Unusual Conditions.

The Victoria West intermediate football champions will not get a chance to try their strength against the North Ward senior champions this week as expected. At a meeting last night the North Wards decided that they could not take chances on injuries before their final match with Coquitlam for the McBride Shield. This match will be played on the coming Saturday at Oak Bay. The Wests wanted to meet the Wards on Wednesday evening.

Everett Taylor, captain of the North Wards, explained that several of the men were in none too good condition as it was, having suffered slight hurts in the Coquitlam contest last Saturday, and they, as well as the remainder of the players, would have to rest up during the week.

In lieu of a game this week a rather unique proposal was made for the consideration of the Wests. The Wards are willing to meet the Wests in a match next Tuesday evening to decide whether the money voted for the Wests' championship medals shall be added to their own or vice versa. This would mean that the winners would receive medals of increased value in commemoration of their season's successes, while the losers would have to go priceless.

The Wards announced the same line up for the second match with Coquitlam as played in the first. The only change from the original selection is that Thackeray is stationed at inside left in place of Clarkson, who left the city a week or so ago.

The champions are not figuring on an easy victory, although the fact that they were able to beat the Mainland title-holders on the latter's own grounds seems to indicate a superiority in their favor. The fate of the senior Wests a couple of years ago is pointed to in support of the argument that Coquitlam can, by no manner of means, be held in light esteem. On that occasion the Wests met Coquitlam for the McBride Shield after beating them in Coquitlam 1 to 0—the same score as the Wards won by last Saturday—they lost to them in Victoria 2 to 0, thus being beaten on the series by one goal. For another thing the Mainlanders are reported to have strengthened their team for the final encounter, having regained the services of their great inside left, Harrop. The visitor's team follows: Worrall; Marshall and Sinclair; Milliard, Thorpe and McLellan; Elben, Harrop, Black, Johnston and McKenzie; spare R. Thompson. The Wards team is: Baines; Taylor and Newlands; McGregor, Tunnycliffe and Brown; Whittaker, Muir, Pickering, Nichols and McCarter.

The Wards state that they were royally treated by the Coquitlam club and its supporters. In all their careers as footballers they cannot recall having had a jollier time on any trip. From the time they entered Coquitlam to the time they left their hosts could not do too much for them. They were welcomed by the Mayor in person, banquetted, taken for motor rides about the town, and every effort was made to provide for their comfort. They are now working on plans to reciprocate in like manner when the Mainlanders come to Victoria on Saturday.

ST. FRANCIS PLAYERS WIN AT PORT ANGELES

At Port Angeles on Sunday the St. Francis semi-professionals, of this city, easily won from the Sequim club, 8 to 2. "Lefty" Slaton worked for the Saints, fanning ten of the Sequim team and allowing but three hits. McDougall starred for the winners with three safe hits while Clementson got a triple. Cox broke a finger in the ninth and was replaced by Ed. Steele behind the plate, Clarke going to first base. Cal Campbell, of the St. Francis team, brought back Corbett, the hard-hitting backstop of the Sequim team, who will probably be given a tryout with the Victoria team. The score:

	R	H	E
St. Francis	8	8	3
Sequim	2	3	5

Batteries: Slaton and Cox, Steele; McInnis and Corbett.

Amateur Baseball Games

In a practice game at Macauley Point on Sunday the Victoria West intermediate baseball team defeated the Esquimalt "Dreadnoughts" by the score of 14 to 5. The battery for the Victoria Wests was Greary and James; for the "Dreadnoughts," Edwards and Brown. The feature of the game was the work of James behind the bat. "Happy" Williams' Outlaws defeated the Eagles' Red Sox team easily, the score being 13 to 4. McIlmoyl was a star, making a home run with two men on for the Outlaws. Manager Williams thinks his team will make a strong bid for the Commerical league title.

Will Instruct Golfers

By permission of the United Service Golf Club, members and non-members can obtain lessons from the professional, W. Philpot, on the Esquimalt links this Summer. Inquiries may be addressed to W. Philpot, Thoburn P. O. Esquimalt.

SERIOUS PHASES OF SITUATION

Continued From Page 1

Tampico. The admiral reported that at the direction of Rear Admiral Badger he was sending the steamer Mexico to Vera Cruz, via Tuxpam, with all refugees desiring to go to the United States. He said the foreigners on board warships off Tampico wanted refuge and not removal.

To Be Welcomed to Canada

OTTAWA, May 11.—Hon. J. D. Reid, Minister of Customs, has wired to the collector of customs at Niagara Falls to extend every courtesy to the peace envoys crossing the border there from the United States to deal with the Mexican situation. No steps have been taken here yet, with regard to a formal recognition on the part of Canada of the distinguished gathering. The matter has been discussed by the Cabinet, however, and it is likely that within the next few days something definite will be decided upon.

CHANGES IN ENGLISH POLO CHALLENGERS

LONDON, Eng., May 11.—Lord Wimborne, manager of the English polo team, which has challenged for the International Polo trophy, held by the United States, today decided to sail for America, May 23, with a polo team composed of Mr. T. Kinson, Major J. Y. Bingham, Major F. W. Barrett and Major C. F. Hunter.

GATENBY IS MATCHED TO WRESTLE HATCH

Harry Gatenby, wrestling instructor of the Vancouver Island Athletic Club, has been matched to meet Al Hatch, of Vancouver, in a bout in Vancouver on Saturday night next. The match will be the best of three falls, catch-as-catch-can, for a substantial side bet.

Gatenby is one of the cleverest middleweight wrestlers in British Columbia. He is fast, and combines knowledge of the game with speed. As Hatch will be giving away several pounds, the Vancouver man appears to have his work cut out for him.

STRIVE TO IMPROVE GERMAN ATHLETICS

Sore Point With Patriots That American Aid Is Necessary in Track Events — Own Trainers for Oarsmen.

BERLIN, Saturday, May 11.—Germany continues her enthusiastic preparations for the Olympic games of 1916, and Herr Carl Diem, general secretary of the Olympic games, repeatedly publishes glowing accounts of Teutonic prospects. Kraenzlin, the famous American hurdler, is the officially appointed trainer for all track events, and he is busy holding local tryouts in all parts of the country. Kraenzlin is immensely popular with all young German athletes, but it is a sore point with the patriots that American aid is necessary to improve the standard of the German athletes.

In rowing, Herr Diem says in his latest report, the Germans are working under their own trainers, who are fully equal to the best English ones, and German rowing will keep its present respectable position. That Germany will continue to do well in swimming Herr Diem has no doubt, and he is equally confident about lawn tennis; but he is dissatisfied with the condition of German football. German cycling is also behind, but in fencing and swordsmanship Germany, as shown by the standard displayed at the last army contests, has nothing to fear.

In rifle shooting she will be represented in 1916 by the best shots in the army, who are already being specially trained.

In the "modern pentathlon" and riding contests the army will be specially strong, and should produce officers equal to the Swedish victors of 1912. The standard attained will be shown at the army contests, which take place in the stadium next July in the presence of the Kaiser.

Herr Diem confirms the report, formerly denied, that Germany wants golf included in the 1916 programme. She also wants hockey, skating and skiing. She has no chance of success at golf, but she has a sportsmanlike desire for the inclusion of a game which appeals to two of the most important competing nations, America and Great Britain. Although the fate of these four proposals will not be decided until the Paris conference in June, Winter sport organizations here are preparing for skating and skiing competitions.

AUSTRALIANS TO MAKE BIG EFFORT AT GAMES

Preparing for Olympiad on Much Greater Scale Than Ever Before in Antipodes

NEW YORK, May 11.—James E. Sullivan, secretary-treasurer of the Amateur Athletic Union, is in receipt of a letter from C. S. Marks, of Sydney, in which it is stated that Australia intends to make a bid for the honors in the next Olympic games at Berlin. The Australians are proceeding on a much greater scale than ever before and it is expected that a team of at least fifty men will represent the land of the Southern Cross.

Fund committees have been started in each of the states, which will report to a combined Australian Olympic committee. This body will consist of two delegates from each state and dominion of New Zealand, and will deal with all matters of selection and finance. It is estimated that the cost of sending the team will be $50,000, and as liberal assistance is expected from the Federal and State Governments, the committee believes that it will have little difficulty in finding the money.

No one will be sent unless he has a winning chance, and an endeavor will be made to have Australia represented in yachting, swimming, athletics, cycling, rowing, shooting, boxing, tennis and rowing.

Mr Sullivan was especially pleased to hear that the A. A. U. of Australia has decided to join the International Amateur Athletic Federation. This body is working for the establishment of uniform rules to govern track and field sports throughout the world, and the addition of Australia brings in every prominent nation interested in athletics.

NEWCOMERS ADDED TO LOCAL LACROSSE SQUAD

Weaver, Formerly of Vancouver, Trying for Position in Goal—Johnson Signs With Vancouver

Victoria's array of amateur lacrosse talent is likely to be swelled by incomers from Mainland cities and towns in the next few weeks if reports are to be believed. It is said that several of the Mainland's best players have opportunities for work here which will bring them along on the jump.

As a forerunner of the possible influx, two new men were seen at yesterday's practice at the Royal Athletic Park, Pierce, a former Nelson player, and Weaver, of Vancouver. Weaver will try for the position in goal. Both newcomers handled their sticks cleverly.

ARE PREPARING FOR HENRY TROPHY GOLF

Victoria and Vancouver Ladies Will Play Seattle-Tacoma Team in Tacoma Next Saturday—Have Won Twice.

Ladies of the Victoria Golf Club are now preparing for the third international match for the H. C. Henry trophy—a magnificent solid silver mug—which which will be played at the Tacoma Country and Golf Club course next Saturday.

Play for this trophy was first held on the local links in June of last year. The second match was played at Seattle last October. The British Columbians won once and lost once. According to the conditions three successive wins give permanent possession of the trophy.

The teams are made up of twenty players from this side of the boundary, both Victoria and Vancouver being drawn on, and a team similarly selected from Seattle and Tacoma clubs. The single matches count one point each and the total points determine the winner of the team match.

When finally won by either team the trophy will then be contested for in a match between the two sections of the successful team. Carrying the process still further, the members of the club team which wins will play among themselves for individual possession. In this way the eventual winner will have an unassailable claim to the title of the best woman golfer in the four cities mentioned.

All the details of the fourteenth annual championship of the Pacific Northwest Golf Association, to be held on the links of the Seattle Golf Club, June 23, 24, 25, 26 and 27 are set forth in the official programme, which has been issued by the tournament committee. Entries are expected from every club in British Columbia, Washington, and Oregon, as well as several from California.

The official programme discloses, first, the conditions of play. Nothing is more important than the paragraphs grouped under this title. They read:

1—The rules of the United States Golf Association will govern all competitions.

2.—The Pacific Northwest Golf Association Championship and other events are open to members of any recognized golf club.

3.—The entry fee for both men's and women's championships will be $2. Entry fee must accompany entry in all cases. Entries close at 6 p.m. Monday, June 22, and must be made with C. K. Magill, Captain Seattle Golf Club, R. F. D., No. 2, or at 806 Hoge Building. Entries in handicap events must be made by 6 p.m. on the day previous to competition.

4.—All entries must be accompanied by evidence of handicaps at home club. (This means a letter from the secretary of the club.)

5.—Handicaps will be made by the club's handicap committee.

The various events comprise the following:

Men's Pacific Northwest Championship; Women's Pacific Northwest Championship; Handicap Mixed Foursomes; Men's Singles Handicap; Women's Singles Handicap; Women's Foursomes Handicap; Men's One-Hole Competition a drive for the eleventh green; Men's Driving, long and average; Women's Driving, long and average; Men's Approaching, nearest and average; Women's Approaching, nearest and average; Putting, Daily, clock, ladder and nine holes.

As has been observed previously, the Thomas M. Green cup for men, a trophy fought for annually at the Potlatch tournament of the Seattle Golf Club, in July—an event eliminated this year on account of the Northwest championship. The H. C. Henry cup, the trophy the women golfers play for at the Potlatch tournament, will be offered for the Women's Pacific Northwest championship this year.

MAY DROP CLASS B BASEBALL IN PORTLAND

In Portland they are thinking of going back to Class D baseball next season. Judge McCredie is represented as planning the scheme which involves the rehabilitation of the Washington State League and a consolidation with the Western Tri-State. The judge thinks that the Northwestern League club costs too much in proportion to the patronage in Portland. Last year it was said that the Coast League was thinking of ousting the Northwesterners from Portland because the latter were taking patronage from the former.

McKAY CHALLENGES V.A.A.A. CHAMPION

Possible That Match Between Two Local Champions Will Be Arranged for Next Tournament

There is a possibility that Blaney Scott, holder of the amateur light heavyweight championship of the Pacific Northwest, and Scotty McKay, British Columbia welterweight champion, will be matched for a bout to be held as part of the Vancouver Island Athletic Club's next tournament. Both are local boxers, and it is certain that the match would create a lot of interest.

McKay has issued a challenge to Scott, it was said yesterday, and is waiting for the V. A. A. A. member's answer.

Scott would have a big advantage over McKay in height, reach and strength, but McKay believes he would make this up in his greater experience and speed.

Three Athletes Turn Out

Only three of the Victoria Amateur Athletic Association's track and field athletes turned out for yesterday evening's workout at the Royal Athletic Park. Those who reported for training were Rogers, a jumper, and Percy Beasley and Cliff Carroll, runners.

COLTS CANNOT HIT VICTORIA PITCHERS

Steele and McHenry Are Free With Walks, but They Hold Portland to Four Hits—Carney in Game.

	Won	Lost	Pct.
Vancouver	18	8	.692
Seattle	18	10	.643
Spokane	17	11	.607
Tacoma	13	15	.464
Portland	9	15	.333
Victoria	7	20	.259

PORTLAND, Ore., May 11.—Portland got eight walks off Steele and Pitcher McHenry, who relieved him today, but there were no hits to back them up and Portland lost, 4 to 2, because the Bees bunched hits on Stanley in the first and seventh innings. Stanley's left-handed curves caused ten of the Bees to walk back to the bench on strikeouts. Victoria pulled off two double plays that killed Portland's chance. Score:

Victoria—	A.	B.	R.	H.	P.	O.	A.	E.

Portland ..... 0 0 0 0 2 0 0 0 0—2

Summary—Struck out—by Stanley, 10; by Steele, 4. Bases on balls—Off Steele, 7; off McHenry, 3. Two-base hits—Milligan, Brooks. Double plays—Steele to Delmas to Netzel to Delmas; Zimmerman to Carney. Sacrifice hits—Brooks, Steele, Coltrin, Guigni, Lamb, Melchoir. Stolen Bases—Coltrin, Melchoir. Passed ball—Carney. Innings pitched by Steele, 7; runs, 2, hits 4. Credit victory to Steele Time of game 1:45. Umpires Cheyne and Shuster.

Vancouver 6, Spokane 5

VANCOUVER, B. C., May 11.—Bennett's single, a stolen base, followed by Frisk's single to right, gave Vancouver the winning run in the ninth inning in the first game of the series. The score was 6 to 5. Both pitchers were hard hit.

Score—	R.	H.	E.
Vancouver	6	10	3
Spokane	5	10	1

Batteries—Clark and Grindell; Baker and Shea.

Seattle 9, Tacoma 1

SEATTLE, Wash., May 11.—Loose fielding by Tacoma and hard hitting by Seattle gave the locals an easy victory today, the score being 9-1.

Score—	R.	H.	E.
Seattle	9	13	3
Tacoma	1	5	3

Batteries—Dell and Cadman; Boice, Kraft, Helmcke, West and Brottem.

Sunday's Games

Victoria lost Sunday's game to Seattle 4 to 0. Pete Schneider pitching his eighth straight win. Narveson and Chapman worked for the Bees. Portland defeated Vancouver 1 to 0, and Tacoma won from Spokane 2 to 0.

Hopes to Pass Through Canal

SAN FRANCISCO, Cal., May 11.—The steamship Isthmian, of the American-Hawaiian Line, sailed from port today with what was said to be the largest cargo of California goods to be booked for the Atlantic via the Panama Canal. The Isthmian was ordered to proceed to Panama direct, with the expectation of being permitted to steam throught the big ditch.

AMERICANS OFF TO EUROPEAN SPORTS

Half-Mile Champion Will Run at Stamford Bridge—Hannes Kohlemainen May Meet Bouin, of France.

NEW YORK, May 11.—Within the next month there will be a notable exodus of American athletes in the direction of Europe, and on this account the meets in England, Ireland, Germany and France will doubtless receive an international flavor.

A little later there may be a more impressive crowd to go abroad, but already six have been booked for a sail across the Pond. This present list of tourists include Homer Baker T. Paton and Horace Hocking, of the New York A. C., and Tom Kelly, Robert Hales and Haines Kohlemainen of the Irish A. A. C.

Baker, who is the present national half-mile champion, and one of the most promising middle distance men in America, will run in the English half-mile championship on July 4, at Stamford Bridge, and he will afterward visit Berlin for a breezer on the Grunewaly Stadium, the scene of the next Olympic games. The New York A. C. man will also run in Paris, Scotland and Ireland.

Hales belongs to Mallow, County Cork, Ireland, and has been regarded as one of the best milers recently developed in the Green Isle. He once came with five yards of 4.21 for the mile, and will try to show that he is able to move a bit by starting in the English mile championship.

A couple of seasons ago Kelly did well in the Irish championships, and is rated to be good for about fifty-one seconds for the 400 yards. Paton and Hocking are going partly on a pleasure trip, but will make it a point to be present at all the big meets in the Old World.

Kohlemainen will sail on the White Star liner Olympic on her next trip and will go to his home in Finland, but he will be back again in September. Lawson Robertson, the trainer of the Irish A. A. C., said that the Finn will wear the Irish colors everywhere he runs during the visit. The Finn says he is homesick and wants to see his mother. If the opportunity offers he may tackle Jean Bouin, the great French champion, in a special match for an hour's race.

Generosity on Cricket Field

Mr. E. Hilton, of the Cowichan team, writes in high praise of the conduct of Mr. Leighton, of Nanaimo, during the Island League match played between the two cities on Saturday last. In attempting an easy run Mr. Orr, of Cowichan, slipped on the matting and fell twice, but although Mr. Leighton had ample time to put the wicket down, he refused to do so. In the same innings, Mr. Leighton captured nine of the Cowichan wickets for 21 runs.

CIVILIAN RIFLE SHOOT

Scores Made at Clover Point Range at Week-End Shoot—Winners of Buttons in Three Classes

At the Clover Point range on Saturday last the civilians were out in force. The following carried off the prizes awarded in each class: "A," gold button, Mr. H. J. Wicks; "B," silver button, Mr. J. H. Irving; "C," bronze button, Mr. P. A. Macdonald.

Scores:

Class "A"—

H. J. Wicks	93
E. H. Beaney	90
H. Burton	88
Capt. E. J. Gollop	87
A. E. Ashe	86
G. Grassby	85
A. Symonds	82

Class "B"—

J. H. Drewy	94
A. C. Kennedy	90
W. B. Grant	89
C. E. Wicks	89
R. M. Myers	88
F. T. Murray	86
D. McNichol	84
R. Armstrong	82
R. S. Greig	73
E. N. Douglas	69

Class "C"—

P. A. MacDonald	87
L. S. Yuill	78

GREAT MOTOR CYCLE RIDERS TO RACE HERE

All the Northwest's greatest motorcycle riders will gather in Victoria on May 25 for a race meet to be held on the Oak Bay grounds. Included among those who have agreed to compete are Earl Godfrey, the Canadian champion; Sandy Bennett, the Pacific Coast champion; George McEwen, who has covered the half-mile two seconds under the world's record time, and "Happy" and Charlie Halligan, Pat Petticrew and Bell, all well-known speeders.

CANADIAN AMATEUR CHAMPIONS FOR 1914

TORONTO, May 11.—The Canadian boxing championships were decided Saturday night as follows:

105 pounds—Ed. Williams, Toronto.
115 pounds—Arnell, Hamilton.
125 pounds—W. Nitchin, Toronto.
145 pounds—D. Johnson, Toronto.
158 pounds—D. Marshall, Montreal.
Heavyweight—W. Hanna, Toronto.

T. Tootell and F. Blackhads, Toronto, were ordered from the ring in the final of the 135 pound division for not trying. Tootell won the championship last year.

POLISH WRESTLER WINS MATCH WITH BUTCHER

WINNIPEG, Man., May 11.—John Colens, a Cincinnati butcher, substituted for Dr. Roller, of Seattle, in a wrestling bout with Zbyszko, owing to the fact that the doctor was suffering from blood poisoning at Montreal. Zbyszko took two straight falls with a body hold in each instance, the first in 35 min., 47 sec., and the second in 11 min., 56 sec.

HAL BEASLEY MAY RETIRE FROM SPORT

Victoria A. A. A. Track Star Thinking of Giving Up Game for Year—Wants to Build Up Strength.

Hal Beasley, Victoria's crack sprinter, is thinking of retiring from track sports for the year. Yesterday he stated that it was quite possible that he would discontinue active participation in the running game for the time being and take a thorough rest. In any case, however, he would remain as captain of the Victoria A. A. A. team.

Beasley has suffered from several illnesses in the past few months, and only yesterday came out of the hospital after a minor operation. He wants to give himself a chance to build up and gain weight and strength.

Physical Director Jack Devaney, of the Vancouver Athletic Club has between gfteen and twenty men working out for places on this season's track and field team, and he is confident that the winged "V" will again be to the fore in all championship events.

In the 100 yards event he has a number of good men out, including Frank McConnell, N. Leggatt, N. Dillabough, B. Davidson and A. Blackwell. They are showing improved form over 1913, particularly McConnell, who is going better than in 1912, when he attended the Olympic games.

Dillabough and A. Leggatt are the 220-yard men of the squad, and the latter is running in championship form right now. They are also running in the quarted-mile events, and are doing around fifty-one seconds flat.

A. Copping is doing the best work in the half mile, and the club officials look to him to win points for the winged "V" in this event this season. He is also running in the mile events.

In the middle distance events, the club will have Billy Chandler out again. He has been in training for several weeks past, and is making fast time. Chandler holds the Coast record, and should have no difficulty in defeating all comers. J. Sperling is looking after the walking events, and is making encouraging time in the trials from one to three miles. Gillis, Cameron and McCumoat are the club's representatives in the weights. Sullivan is looking after the jumps. In the pole vaults Cameron is doing eleven feet. In the broad jump the officials look to Dillabough, Cameron and McCumoat to win the points. The club is now looking for a hurdler, and hopes to get one within the next few weeks.

Releases Pitcher Jones

The Vancouver Beavers have released Pitcher Oscar Jones. This leaves Brown with only one player over and above the limit of sixteen which all clubs must come down to this week.

The Recreator of Lost Health.

Sir Gilbert Parker, M.P., the famous novelist: "I have used Sanatogen with extraordinary benefit. It is to my mind a true tonic food, feeding the nerves, increasing the energy, and giving fresh vigour to the overworked body and mind."

"If I could only get well and strong again."

How often are those words uttered by men and women who, though up and about, are, nevertheless, ill, with racked nerves, failing strength, and depleted vitality?

To them, as to those who are ill in bed, this announcement is a message of hope of the certain conquering of their physical and nervous disabilities through the medium of Sanatogen, the supreme revitaliser of brain, body and nerves.

Sanatogen's reputation has its foundation firmly fixed in that unshakable bedrock—the justified experience of the medical profession; and that after the most searching and exhaustive tests.

Sir Frederick Milner, Bt.: "Sanatogen seems both to nourish me and give me strength."

Mr. Arnold Bennett, the novelist: "The tonic effect of Sanatogen on me is simply wonderful."

Brain, Body and Nerves Revitalised.

Sir William Bull, M.P.: "I have much pleasure in stating that I consider your preparation, Sanatogen, is of decided value. It performs that which it promises to do, and I have recommended it to several friends."

Among the disordered conditions in which Sanatogen is pre-eminently beneficial are nervous weakness and break-down, weakened and disordered nerves, brain-fag, insomnia and loss of memory, disordered digestion and dyspepsia, anæmia, with its inevitable languor, palpitation, shortness of breath, and loss of vitality.

Sanatogen's constituents are known to every doctor. They are milk-proteid and glycero-phosphate of sodium, chemically combined to form a new compound which exercises the most potent and profound influence over the brain, body and nerves. For this reason it acts like a charm in the above-named conditions, its beneficial effects being invariably felt in a very short time.

As a general tonic Sanatogen is unequalled, and it is the supreme restorative in convalescence from all acute diseases. It is easily digested, rapidly assimilated and absorbed, and is the greatest known builder of physical strength and recreator of lost nervous energy.

Sanatogen may be obtained of all Druggists, price $1.00, $1.90, and $3.60 per tin. Write to-day for a free instructive booklet, "How to Live Healthily," by a famous physician, which will be sent, post free, on application, mentioning this paper, to A. Wulfing & Co., P.O. Box 2622, Montreal.

Dr. Ott, physician to the late King Edward VII.: "I have used Sanatogen for years in my practice with excellent results, notably in cases of convalescents when it was desirable to build up the strength, to stimulate the bodily functions, and to improve the circulation of the blood."

Sir Thomas Pittar, K.C.B., C.M.G., the eminent authority on Board of Trade Returns, etc., writes: "Sir Thomas Pittar derives constant benefit from Sanatogen. He commenced to use it by his doctor's advice as one of the best remedies for sleeplessness."

Mr. Eden Phillpotts, the author, "Sanatogen appears to be of real [illegible]"

Our Showing of Cotton Dresses Is Large and the Prices Are Low

An unusually pretty Dress of white fancy crepe, with a coatee of white cotton marquisette, daintily embroidered in white and pink. The skirt is draped from the front and pleated down the centre. The waist is plain, with raglan sleeves trimmed with pleated lace. A broad white satin girdle fastening in front in a large bow gives this Dress a distinctive appearance. Price..... $18.75

Ratine raye is now very popular for Summer dresses. It is used to good advantage in this Dress. Tunic effect is shown here in a modified form. The waist is made with a vest of pleated voile trimmed with buttons and edged with chiffon frilling. Sleeves are half length. Collar and cuffs are of a pretty crocheted material. You may choose from pink, sky and grey. Price..... $8.75

Dress as Illustrated. A pretty Dress that has every appearance of a suit. It is made of delph blue ratine, with collar, cuffs and girdle of silk to match. The false coat is short with dropped shoulders and a long panel back. The blouse is trimmed with pleated frilling, forming a medici collar at the neck. The skirt is draped from two points in the front and back, giving the whole Dress a handsome appearance. Price..... $20.00

A pretty Dress of flowered voile with a ratine stripe. It is made in a pretty paniere style. The waist is made with medici collar, vest of heavy embroidered net trimmed with fancy buttons. Sleeves are raglan style trimmed with net frilling. The paniere is finished with embroidered net. Price..... $9.75

Blue striped crepe voile is the material of this smart model. The waist is made with a vest of blue crepe with cuffs of same material. Medici collar is of shadow lace. Vest and cuffs are trimmed with pleated frilling. The skirt made with a pleat round the hips, also trimmed with lace frilling. Price..... $7.50

A Dress that calls for special mention. It is made in tunic style, the tunic being of saxe blue terry, over a dress of coarse white ratine. Sleeves are raglan style, trimmings included. Peter Pan collar and cuffs of white ratine, wash leather belt and crochet buttons. The skirt is draped from the front. Price..... $18.75

This Pretty Dress is made of white, filmy cotton voile in a pleasing style. The skirt, shoulders and sleeves are heavily embroidered in a dainty floral design. The medici collar and cuffs are of fine pleated Valenciennes lace. A pink girdle gives this Dress a very pleasing finish. Price only..... $6.75

This Dress is made of a fancy weave of crepe in tunic style. The tunic is of a pretty figured crepe with a crush girdle, cuffs and revers of sky blue silk. Sleeves are the popular raglan sleeves. The yoke is of white net trimmed with small fancy buttons. Skirt is of white crepe made in plain style with a box pleat down the centre. Price..... $7.50

RUSSIAN BARK AUGUST ARRIVES FROM CALLAO

Four-Master Makes Run From West Coast Port in Fifty-One Days—To Load for South Africa.

Making the run up the Coast from Callao in the fast time of fifty-one days, the four-masted Russian bark, August, was brought to an anchorage in the Royal Roads last night.

The big Russian bark was under full sail when she entered the Straits on Sunday evening and she was subsequently picked up and towed to William Head.

Dr. Nelson, the Dominion quarantine officer, passed the vessel just before sundown last evening, after which she anchored in the Royal Roads. It is expected that the August will tow direct to Vancouver where she is due to load a full cargo of lumber for ports in South Africa.

Fair winds were encountered by the August during her passage from the West Coast and some fast daily runs were logged. The August is the first Russian vessel to show up at this port since the Russian bark Endymion arrived last June.

Nothing has been spoken as yet of the other windjammers beating their way up from the west coast of South America.

The County of Linlithgow is now sixty-eight days out from Valparaiso, via Iquique, to the Royal Roads for orders.

She has the reputation of being one of the smartest sailers on the Pacific and should show up off Cape Flattery within the next few days.

On her present voyage the County of Linlithgow is reported to be under the command of Captain Bastarricheas, who was formerly master of the Chilean ship Curzon. During the previous northern trip of the County of Linlithgow, Captain Mueller died when in the vicinity of the equator, and Captain Zachary, a retired skipper of the fleet, was brought overland to take the ship to Valparaiso.

The skipper of the Chilean ship Ivanhoe also succumbed on passage from Valparaiso to Chemainus, and Captain Bastarricheas was ordered to take out the Ivanhoe. As senior skipper of the Chilean fleet, Captain Bastarricheas was in line for the command of the Linlithgow, and the latest advices indicate that he is aboard her.

The Chilean ship Curzon, his former command, is also making a return passage from Valparaiso. It is said that the County of Linlithgow and the Curzon have since been fixed to load on Puget Sound, and, in that case, it is probable that they will tow direct to the American side, without touching at William Head.

TIDES AT VICTORIA

May, 1914.

The times at which the tides rise and fall at Victoria and their height are as follows:

Date.	Time H.M.	Ft.	Time H.M.	Ft.	Time H.M.	Ft.	Time H.M.	Ft.

31					13.51	1.8	21.54	7.4

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the tables, the tide rises or falls continuously during two successive tidal periods without turning.

Esquimalt—To find the depth of water on the sill of the drydock at any tide, add 19 feet to the height of high water as above given.

R. M. S. MARAMA

Another heavy list of tourists are now on passage to this port aboard the Canadian-Australian liner Marama. The Marama, which sailed from Sydney on May 4, is due to leave Suva today for Victoria. She will arrive on May 26.

NEW SERVICE WILL DIVERT TRADE HERE

Mr. C. E. Benjamin Predicts Rapid Development of Trade With Manila Following Inauguration of New Service.

That much of the trade formerly finding its way through other North Pacific ports will be diverted to Victoria and Vancouver, following the inauguration of the new Canadian Pacific service to the Philippine Islands, is the prediction made by Mr. C. E. Benjamin, general passenger agent of the C. P. R. Pacific service, who is on a visit to Victoria in connection with the proposed service between this port and Manila. Great pressure was brought to bear on the C. P. R. by prominent merchants of New York and other large American centres, and also of Manila, before the company entertained the idea of extending the route of the fast transpacific turbiners, Empress of Russia and Empress of Asia.

Mr. Benjamin has just completed a tour across the continent, stopping off at all the big cities between New York and this Coast, and he says that the big importers of the North American continent are enthusiastic over the possibilities of the new service. Another significant fact in connection with the new service is that the American mails will be delivered much earlier than in the past. Capable of developing a speed of twenty knots, the palatial Empresses will clip at least ten days of the schedules now maintained by other steamship companies operating between this Coast and Manilla. The exporters of Manila are also delighted with the news, and they are looking forward to the arrival of the first vessel flying the C. P. R. house-flag.

The new service will be inaugurated by the splendid steamship Empress of Russia, which, upon her next departure from this port on June 11, will be under orders to proceed to Manila after making her regular calls at Yokohama, Kobe, Shanghai, and Hongkong. In view of the call at Manila, it is understood that the call at Nagasaki will be eliminated by the big Empresses.

The new schedule, including Manila as a port of call, will be issued within the next few days. In the past the Empresses have been in the habit of laying over at Hongkong for ten or eleven days, and it is now proposed to utilize this time in making the run across the China Sea.

ANTILOCHUS RETURNS

Blue Funnel Liner Calls Today to Discharge European and Oriental Freight

The Blue Funnel liner Antilochus, Captain Flynn, will be in port shortly after daybreak today from Puget Sound to discharge the remainder of her inward cargo. The Antilochus has 650 tons of European and Oriental merchandise to put off here. Cargo will be worked throughout the day and it is expected that she will be enabled to get away by midnight for Vancouver. The liner has approximately 3,000 tons for the Terminal City.

Outward bound for Liverpool via the Orient, the Blue Funnel liner Cyclops, Captain Arthur, will arrive in port at daybreak tomorrow to take on several shipments of freight and steerage passengers.

LOST IN TYPHOON

Men Rescued From Japanese Craft Which Sank During Terrific Hurricane

News was brought by the Japanese liner Awa Maru that the steamer Shinyo Maru, which arrived at Yokohama prior to the departure of the Nippon vessel, landed Captain Yakueki and two men who were rescued and transferred to the Shinyo by the British steamer Tetrarch. They left Wakamatsu aboard the Wakaybisu Maru laden with coal for Hiuga and the vessel capsized in a typhoon off the coast of Hiuga. The Tetrarch happened to be near and picked up the three men. The Shinyo Maru was hailed off Ommaye and the rescued men put aboard for Yokohama.

The Awa Maru weathered the same typhoon that capsized the Japanese vessel.

LEAVES IN CHARGE OF HINDU DEPORT

Under Orders to Deliver Mohamed Bundoor at Singapore, George Carter Plans to Leave Aboard Cyclops.

After casting about for a competent guardian who could be relied upon to deliver his charge to the proper authorities at Singapore, H. B. Davenport, manager here for Dodwell & Co., agents for the Blue Funnel Line, has decided to entrust one Mohamed Bundoor, a Hindu ordered to be deported for killing a Chinese member of the crew of the British steamer Strathardle, to the tender mercies of George Carter.

To the uninitiated it may be said that George Carter is a waterfront celebrity. For many years George has guarded the gangplank upon the arrival of the Blue Funnel and Nippon Yusen Kaisha liners, and during his tenure of office he has carried out his duties to the satisfaction of his employers. It is said that not one escape has been reported from inbound or outbound boats since George launched out into the detective business.

So faithfully has he guarded the gangways at the Outer Docks, that it was a natural sequence of things for his employers to select him for the guardianship of the Hindu in question. Mohamed, who was greatly angered by the tricks played upon him by the Chinese crew of the Strathardle, that he retaliated with fatal results to one of the Celestials.

Upon being brought up for trial he was declared insane and ordered to be deported to the port where he shipped as a member of the Strathardle's crew. It was necessary to provide a guardian to see that he was safely delivered at Singapore, and George Carter was selected for the job. Equipped with a gun and a big bankroll, George left his home town yesterday afternoon for Seattle, where he will take charge of Mohamed. He will pay a brief return visit when the Blue Funnel liner Cyclops calls here tomorrow morning to complete cargo for the outward run to the Far East. George will cross the Pacific aboard the Cyclops, and after delivering over his charge to the authorities at Singapore, he will make the return passage by another vessel of the Blue Funnel fleet.

His experiences will doubtless be interesting.

MONTEAGLE INCLUDES SOUND IN ITINERARY

Canadian Pacific Liner Makes Initial Call at Tacoma to Load Lumber for Ports in the Far East.

For the first time since she has been in the transpacific service the Canadian Pacific steamship Monteagle, Captain F. L. Davidson, has been ordered to Puget Sound to load freight for the Orient.

The Monteagle, which is operated in the Victoria-Hongkong service as an intermediate steamer, arrived at Tacoma on Sunday afternoon from Vancouver to load a shipment of 250,000 railroad ties for ports in the Far East.

This particular shipment to be taken by the Monteagle is part of 500,000 ties which are to be transported from Tacoma across the Pacific. The big four-master will shift from Tacoma to Vancouver to complete her outward cargo before leaving for the Orient, via Victoria.

Under the latest schedule of the C.P.R. transpacific fleet, the Monteagle is due to clear Victoria on May 20 for Yokohama and Hongkong.

The next steamship of the C. P. R. fleet to arrive from the Orient will be the Empress of Japan, Captain Dixon Hopcraft, which sailed from Yokohama on Saturday last. The arrival of the Empress of Japan at this port is posted for May 21.

In the event of the British mails reaching Vancouver on time, the C. P. R. turbine liner Empress of Asia, Captain S. Robinson, will put to sea from Victoria on Thursday night for the Orient. The Empress of Asia is now completing her outward cargo at the Terminal city, and by the time she is ready to leave her holds will be filled to capacity. This is the sixth outward voyage of the Empress of Asia, which on her last inward trip established a new transpacific record of 9 days 2 hours from Yokohama.

PETREL HAULED OUT

Government Tug Goes to Yarrows' Yards to Have Oil Burners Installed

For the purpose of having oil burners installed, the Dominion Government tug Petrel has been hauled out at the Esquimalt yards of Yarrows, Ltd.

The Petrel is one of the tenders employed in connection with the operations of the dredging plant now engaged in deepening the Inner Harbor.

The work on the Petrel will be put through with all possible dispatch, and it is anticipated that she will be in commission again before the end of the month.

Stock Markets and Financial News

DAY OF STRENGTH ON STOCK MARKET

Substantial Gains Made in Prices of Most Prominent Shares on Steady Buying—Gold Goes to Europe.

NEW YORK, May 11.—Strength prevailed in all parts of the stock market today. Trading was quiet, but buying continued steadily, and most of the representative shares registered substantial gains. The exchange was closed until 11 o'clock on account of services held in memory of the Vera Cruz dead.

The speculative situation was unchanged. There was not one item in the day's news with important bearing on financial affairs, with the exception of the engagement of $3,000,000 gold for shipment to Europe. At another time the loss of this gold might have affected the market adversely, but with circumstances as they are, it was without influence, owing to the abundance of money here and the slow demand. The demand for sterling exchange rose to 488.15, the highest since December, 1909.

European advices were pessimistic, and American stocks were lower abroad.

London sold about 10,000 shares here. The general supply, however, was small. There were virtually no offerings around Saturday's closing prices, and it was necessary to raise bids in most every instance to obtain stocks.

Missouri Pacific, one of the soft spots, showed strength today on the brighter prospects for meeting the road's financial requirements.

Transactions in bonds embraced a large variety of issues, but the movement was unsatisfactory. Total sales (par value), $1,518,000. United States 2's coupon sold at ⅝ higher, but call prices of all issues were unchanged.

MONTREAL STOCKS

MONTREAL, May 11.—The stock market today was dull, and price movements were somewhat irregular. The tendency on the whole, however, was for improvement, and in this the C. P. R. was the principal feature, with a rise of 2 points to 192. Only a few stocks responded to the higher prices for the traders, but the rallying induced on the market, and the general tone was not unsatisfactory.

Both C. P. R. and Brazilian, the former at 190¼ and the latter at 76¼, showed fractional improvement from Saturday's close at today's opening. From 190¼ C. P. R. rose to 191¾ before noon.

There was no trading in the afternoon on the subsequent fall to 190¾ in New York, but the price again rallied on the New York upturn, and final sales were at 192, the high for the day. Brazilian was quiet, but improved, at ¼ over opening prices, and finished at the high of 76½ with a net gain of ¾.

GRAIN MARKETS

WINNIPEG May 11.—Grain prices were strong today, being influenced by the unstable weather over the Canadian West and the Northwest States and firmer Liverpool cables.

Oats of lower grade were in demand for export, and while no export trade in wheat was located prices are said to be on a business basis.

Wheat opened unchanged to ⅛ higher; oats ⅛ higher for both months and flax ¼ lower for May and July.

At noon May and July wheat had advanced ¾ and ⅝ respectively.

Wheat closed ⅝ to ⅞ higher.

The cash demand for wheat was indifferent, also for cash oats and flax, while prices all along the line were strong.

Cash wheat closed at ⅞c to 1c advance for contract grades.

Cash oats closed ¼ to ⅜ higher. Cash barley closed ¼ to ⅜ advance and cash flax closed 1c higher.

Cars inspected on Saturday numbered 325, against 411 last year, and in sight were 540 cars.

AMERICAN GOLFER FINDS TRUE FORM IN ENGLAND

SANDWICH, Eng., May 11.—Jerome D. Travers, amateur golf champion of the United States, found his true form today and created a sensation among the British golfers who are to meet him in the coming championship by doing the championship course here in 69 strokes. The amateur record is 68.

Mr. Travers, with Charles W. (Chick) Evans, jr., of Chicago, as his partner, defeated two sons of the Earl of Eldon, the Hon. Michael and the Hon. Denys Scott, both prominent Scottish players, three-up and two to play.

PARADE PROGRAMME HAS BEEN DRAFTED

Preparations for Chief Feature of Victoria Day Celebrations Well Advanced — Classes and Competitions.

Those in charge of the horse and motor car parade feature of the Victoria Day celebrations have completed, with the exception of some minor details, the arrangements for that event. The programme, enumerating the classes and the competitions, has been published. It is as follows:

No. 28—Best Comic in Parade. 1st prize, $5; 2nd, $2.50.

No. 29—Tent Pegging Competition. Prize, value $20 for section.

LONDON EXCHANGE

LONDON, May 11.—The chief feature in the financial district today was the fall of three farthings an ounce in the price of bar gold to 77s 9½d. It is now expected that the Bank of England will secure the $3,500,000 of South African gold which will arrive tomorrow. Bill rates were firm, the three months' rate being 2⅝. Call money was in demand, but not plentiful, at from 2¼ downwards.

The stock markets were irregular, but slightly firmer on professional buying, though general trading was narrow. Paris again liquidated in spots on reported failures in Antwerp and expected liquidations arising out of the embarrassment of a Russian bank. Consols were sold to meet losses elsewhere, and cloed at 74 7-16.

The new scrips were easier. While the Dominion of Canada was quoted ½ premium, British Columbia was at ½ discount and the City of Montreal was at ¼ discount.

Home rails and Americans were both healthier, but Mexican rails fell 1 to 2 points on the apparently serious news from Tampico. Rubber stock again declined. Spanish bonds were unsteady, owing to an impending issuance of Spanish treasury bonds for $20,000,000 to cover the budget deficit.

Mines contangoed narrowly, and prices were mixed. C. P. R. drooped early and fell to 193½, but rallied on repurchasing by Berlin, closing at 195⅝. Grand Trunks were quiet. Grand Trunk Pacific debentures fell 1. South American tractions were weak in places and fell 1 to 2 points. Canada Car broke 3 points, but Canada Cement was firmer. Cobalt stocks were dull.

The Contango rates for tomorrow's carry-over are expected to be the same as at last settlement.

TENDERS

SEALED TENDERS, addressed to the undersigned and endorsed on the envelopes "Tender for Kuper Island Indian Industrial School," will be received up to noon of the 9th day of June next.

Plans and specifications may be seen at the office of the Resident Engineer, Public Works Department, Vancouver; at the office of W. E. Ditchburn, Inspector of Indian Agencies, Victoria; office of W. R. Robertson, Indian Agent, Duncan Station; at the Post Offices, Nanaimo and Ladysmith, and at the Indian Industrial School, Kuper Island, and on application to this Department.

Each tender must be accompanied by an accepted cheque on a chartered Bank for ten per cent of the amount of the tender, payable to the order of the undersigned, which amount will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so or fail to complete the work contracted for.

The building to be fully completed and ready for occupation by the first day of June, 1915.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

DUNCAN C. SCOTT,
Deputy Superintendent General of Indian Affairs.

Department of Indian Affairs,
—60267. Ottawa, April 22, 1914.

NOTICE

In the County Court of Victoria, Holden at Victoria.

Between Henry Hazell, Plaintiff; and Arthur Pinner, A. McLellan, Victoria Opera House Company, Limited, Ernest B. C. Hanington, Susan Maria Cooke, Annie Fraser Hepburn, Frederick Bernard Pemberton and Andrew Wright, Defendants.

TAKE NOTICE that the above named Plaintiff has commenced an action against you in the County Court of Victoria aforesaid, by Summons issued out of that Court dated the 4th day of April, A.D. 1914, for payment by you of the sum of $3,709.28, being for work done and materials supplied by the above named Henry Hazell for you, in connection with the erection of the Victoria Opera House at the corner of Broughton and Blanshard Streets, in the City of Victoria aforesaid, as set forth in the said summons.

AND YOU ARE HEREBY REQUIRED within eight days after the last publication of this Notice to defend the said action by filing a dispute note therein in the said Court, and in default of your so doing the above named Plaintiff may proceed therein and judgment may be given in your absence.

Dated at Victoria, B. C., this 5th day of May, A. D., 1914.

HARVEY COMBE,
Registrar.

To the Defendants,
Arthur Pinner and A. McLellan.

NOTICE

TAKE NOTICE that application will be made to the Board of Licensing Commissioners at Victoria, B. C., at their next sitting to be held after the expiration of thirty days from the date hereof, for the transfer to George Henry Hardy, of Victoria, B. C., of the license now held by me to sell spirituous liquors by retail upon the premises known as the Grand Central Hotel, situate at No. 551 Johnson Street, in the City of Victoria, B. C.

Dated at Victoria, B. C., this 1st day of May, 1914.

ADAM PATERSON.

"LIQUOR LICENSE ACT."
(Section 34)

NOTICE is hereby given that, on the 15th day of May next, application will be made to the Superintendent of Provincial Police for the grant of a license for the sale of liquor by retail in and upon the premises known as the Grand View Hotel, situate at Bella Coola, B. C., upon the lands described as Part of Lot C., 124, Coast District (3 Range), Skeena District.

Dated this 15th day of April, 1914.

F. G. HAGAN,
Applicant.

MAIL CONTRACT

Sealed tenders, addressed to the Postmaster General will be received at Ottawa until noon on Friday, the 22nd May next, for the conveyance of His Majesty's Mails, on a proposed contract for two years, over Victoria Rural Mail Route No. 2 (Otter Point and Victoria) at frequency described in notices, from the 1st July next.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the Post Offices of Otter Point, Scarf, Sooke, Milne's Landing, Luxton and Victoria, and at the office of the undersigned.

Post Office Inspector's Office, Victoria, 10th April, 1914.

E. H. FLETCHER,
Post Office Inspector.

NOTICE

NOTICE is hereby given that application will be made to the Board of License Commissioners for the City of Victoria at their next sitting for a transfer of the Liquor License held by the undersigned in respect of the Arcade Restaurant, situate on Government Street, Victoria, B. C., to Levy's Restaurant, 1422 Douglas Street, in the said City of Victoria.

Dated this 1st day of May, 1914.

A. COAPMAN.

NOTICE

TAKE NOTICE that I, the undersigned, will, at the next sitting of the Board of Licensing Commissioners for the City of Victoria, apply for a transfer of the bottle license to sell spirituous and fermented liquors from the premises known as No. 608 View Street, in the City of Victoria, to the ground floor premises known as No. 1303 Government Street, in the said city.

Dated at Victoria, B. C., this 30th day of April, 1914.

T. J. JACKMAN.

NOTICE

In the County Court of Victoria, Holden at Victoria

Between:

The Grandview Iron Works, Limited,
Plaintiff,

AND

Pinner & McLellan, the Victoria Opera House Co., Ltd., Ernest B. C. Hanington, Frederick Bernard Pemberton, and Andrew Wright:
Defendants.

TAKE NOTICE that a Plaint has been entered at the suit of the above named Plaintiff in the above action against you, Pinner & McLellan, and that by an order of His Honor Judge Lampman, dated the 5th day of May, 1914, service by registered post addressed to you, Pinner & McLellan, at the Globe Building in the City of Seattle, in the State of Washington, United States of America, and publication of this notice for six days in the Victoria Colonist is to be deemed good and sufficient service of the said Plaint upon you, Pinner & McLellan, and that unless within eight days from the 12th of May, 1914, you do enter a Dispute Note in this action, the Plaintiff may proceed in this action and judgment may be given against you in your absence.

Dated the 5th day of May, 1914.

H. G. Lawson, of the firm of Bodwell & Lawson, whose address for service is No. 918 Government Street, in the City of Victoria, Province of British Columbia, Solicitor for the Plaintiff.

"LAND REGISTRY ACT"

IN THE MATTER of an application for a fresh Certificate of Indefeasible Title to Lot 64, Craigdarroch Park, Victoria City, Map 985.

NOTICE is hereby given of my intention at the expiration of one calendar month from the first publication hereof to issue a fresh Certificate of Indefeasible Title, in lieu of the Certificate of Indefeasible Title issued to J. G. Allan and J. D. Allan on the 18th day of June, 1912, and numbered 4,367, which has been lost.

Dated at the Land Registry Office, Victoria, British Columbia, this 30th day of April, 1914.

H. C. HANINGTON,
Deputy Registrar-General of Titles.

TENDERS.

Tenders for the making of tailor-made Fisheries Protection Uniforms will be received by the undersigned up to noon on Wednesday, 20th May. Forms of tender and specifications may be obtained upon application. The lowest or any tender not necessarily accepted.

(Sgd.) GEO. PHILLIPS,
Naval Store Officer.

H.M.C. Dockyard, Esquimalt, B.C.

Unauthorized publication of this notice will not be paid for.

NOTICE

NOTICE is hereby given that application will be made to the Board of License Commissioners for the City of Victoria at their next sitting for a transfer of the Liquor License now held by me in respect of the Lincoln Hotel, situate at 705 Johnson Street in the City of Victoria, to William Bryant, of the said City of Victoria.

Dated the 10th day of March, A.D. 1914.

JOSEPH GALLIA,
By his Attorney-in-Fact,
T. M. MILLER.

TERMINATES CRUISE

Mission Ship Thomas Crosby Back in Port After Visiting Coast Lighthouses

After a six weeks' cruise in Northern British Columbia waters the little mission vessel Thomas Crosby, maintained by the Methodist denomination, has returned to this port. All the lighthouses on the Coast were visited by the Thomas Crosby, the most northerly point touched at being Langara Island. Many services were held for the benefit of the lightkeepers and their families, and a considerable amount of literature was distributed.

The Thomas Crosby is under the command of Captain Oliver, and the Rev. J. B. Lamb is the missionary in charge.

SEGURA ARRIVES OUT

Well-Known Sailer and German Vessel Reach Cork Together From This Coast

The British ship Segura and German ship Werner Vinnen both arrived at Cork on May 4, the former taking 152 days to make the voyage, and the latter 149 days.

The Segura had a three-days start on the Werner Vinnen, both carrying grain cargoes from the Columbia. The former carried 11,670 centals wheat, valued at $15,948, and 49,837 centals barley, valued at $67,828, shipped by Heathley & Co., and the latter had on board 112,483 centals wheat, valued at $159,280, shipped by Balfour, Guthrie & Co. The Segura is well known in the British Columbia trade.

BRINGS ASPHALT HERE

Steam Schooner Rainier Discharges 2,000 Barrels of Paving Material From Golden Gate

With 2,000 tons of asphalt for the Canadian Mineral Rubber Company, the American steam schooner Rainier reached port late on Sunday night from San Francisco.

The asphalt brought by the Rainier is to be used on the paving contracts that are to be carried out this Summer in Victoria. Quite a number of steam schooners are expected to arrive with asphalt during the next few months.

OSAKA BOAT TOMORROW

Chicago Maru Expected to Reach Port From the Orient About Noon on Wednesday

The Osaka Shosen Kaisha liner Chicago Maru is due to reach William Head about noon tomorrow after an unusually fast run across the Pacific. The steamship is nearly two days ahead of her schedule.

In the same service the Japanese steamer Mexico Maru will sail this afternoon on her outward trip to the Far East.

Savage Macedonians

TORONTO, May 11.—Because, it is said, he had warned a fellow countryman that two Macedonians had stolen twelve dollars from a till in his store, Dimito Rjazioff, a Bulgarian, was murderously assaulted by two Macedonians, Tony Turch and Jim Parry, on Saturday afternoon at the corner of King and Power Streets. The Macedonians used heavy iron bars, inflicting ugly wounds about the head and body. The assault, which was committed in the presence of many countrymen and pedestrians, would have resulted more seriously but for the timely arrival of Police Sergt. Lydiatt, who arrested both men.

NOTICE

In the Supreme Court of British Columbia in the matter of the "Quieting Titles Act," and in the matter of lots numbered 13 and 14, in Block numbered 80, in the Subdivision of District Lot numbered 301, Group 1, New Westminster (now Vancouver) District, in the Province of British Columbia, and the title of Lemuel Harvey Norton thereto.

NOTICE is hereby given that Lemuel Harvey Norton, of the City of Vancouver, in the Province of British Columbia, has made application to the Honourable Mr. Justice Morrison of the Supreme Court of British Columbia, for a Declaration of Title under the provisions of the "Quieting Titles Act" to the following lands: Lots numbered Thirteen (13) and Fourteen (14), in Block numbered Eighty (80), in the Subdivision of District Lot numbered Three Hundred and One (301), Group One (1), New Westminster (now Vancouver) District. The present registered owner of this property is Henry Chambers to whom a certificate of title was issued on the 12th day of December, 1889.

AND upon said application the Petitioner did produce evidence whereby he appears to be the owner thereof in fee, free from all encumbrances, and thereupon the said Judge did by Order dated the 4th day of May, 1914, order that any other person having, or pretending to have any title to or interest in the said lands or any part thereof do file a statement of his claim verified by Affidavit in the Office of the District Registrar of the Supreme Court of British Columbia at Vancouver, and do serve notice thereof on B. P. Wintemute, Solicitor for the Petitioner, at his Office in the City of Vancouver, British Columbia, on or before Monday the 15th day of June, 1914, at 10:30 o'clock in the forenoon, at or after which time the said Judge will sign the declaration of title herein; and in default every such claim will be barred, and the title of the said Lemuel Harvey Norton become the true and correct title of the said lands, and the Declaration of Title will issue that he is the legal and beneficial owner in fee simple in possession of the said lands and premises, subject to the reservations mentioned in Section 23, of the said Act, but free from all other rights, interests, claims and demands whatever.

DATED the 7th day of May, A.D., 1914.

BEN P. WINTEMUTE,
Solicitor for the Petitioner.

To Henry Chambers,
And to those claiming through or under said Henry Chambers.

The Hinton Electric Co., Ltd., in Liquidation, Under Supervision

TENDERS

Are invited for the following properties:

The centre 22 feet of lot 1268, official map of Victoria, known as 911 Government Street, Victoria, B. C.

This lot has a depth of 132 feet, extending through to Gordon Street. The building, 22 feet by 110 feet, is a brick structure of two storys and a mezzanine floor; the basement at rear is 22 feet by 55 feet.

Lots 10 and 11 of original lot 10, block "C," Constance Cove Farm, Selkirk Waters, Victoria, B. C.

This valuable piece of waterfrontage, which was held by the Hinton Electric Co., Ltd., as a site for shipyard and wharf, has a width of 135.6 feet, abutting on Styles Street, off Craigflower Road; extreme depth of lot 10, 164.1 feet; extreme depth of lot 11, 134.9 feet on Styles Street; depth at centre of lots, 93.35 feet.

Tenders should be addressed to the Liquidator, Hinton Electric Co., Ltd., 911 Government Street, Victoria, B. C.

The highest or any tender not necessarily accepted.

FREDERICK SLOAN,
Liquidator.

NOTICE TO CREDITORS

Re the Winding Up of the Victoria Building Society.

All persons having claims against the above Society are hereby requested to send particulars thereof, duly verified and in writing, to the undersigned, on or before the 17th day of May, 1914, after which date the directors will proceed to distribute the assets of the said society, having regard only to the claims of which he, the undersigned, shall then have had notice.

Dated this 16th day of April, 1914.

A. ST. GEORGE FLINT,
Secretary of the said Society.
523 Broughton Street, Victoria, B.C.

KESTREL PUTS BACK WITH HULL LEAKING

Former Fishery Cruiser Meets With Mishap When Bound to Fanning and Returns to Honolulu for Repairs.

Cable advices from Honolulu state that the British steamer Kestrel, Captain E. L. Tindall, bound from Honolulu to Fanning Island, has been forced to put back to the Hawaiian port in a badly leaking condition. The damage is such that the vessel has been floated into drydock for extensive repairs.

The Kestrel was formerly a Canadian fishery protection cruiser operating out of Victoria. Captain Tindall, a British Columbia mariner, who recently succeeded Captain Tait as master of the Kestrel, decided that it was unwise to continue the voyage and put back to port with all possible speed. It is reported that the Kestrel struck a submerged obstruction after clearing Honolulu for Fanning Island and several seams were opened through contact with heavy seas. Before steaming for Fanning the Kestrel had been placed on drydock for extensive repairs to her bottom and sides and while hauled out a number of decayad and damaged planks were renewed.

The Kestrel has seen much service on the Pacific and especially in British Columbia waters, where she was for many years employed as a fishery patrol steamer. The vessel has had several mishaps of late, being obliged to put back on two former trips, the second trouble having been experienced with damage to her refrigerating machinery.

It is expected that some time will elapse before the Kestrel will be able to proceed to the South Sea copra and phosphate estates operated by Armstrong & Armstrong. It is reported that the firm of Armstrong & Armstrong, who are developing large copra and phosphate interests at Fanning, Washington and Christmas Islands, are negotiating for the purchase of another steamer, which it is their intention to operate between Honolulu and their island developments, making the former port the headquarters for the transhipment of their products to this Coast.

FEWER LEVIATHAN SHIPS BUILDING

The number of large ships in course of construction is a matter of interest. The Britannic and Aquitania stand alone in being over 40,000 tons, but, in addition, there is one vessel between 30,000 and 40,000 tons, and two between 20,000 and 30,000 tons, so that over 20,000 tons we have five instead of four a year ago; between 15,000 and 20,000 tons there are only seven, as compared with ten a year ago; between 12,000 tons and 15,000 tons nine, as compared with eleven a year ago; and between 10,000 and 12,000 tons nine, as compared with seventeen a year ago. Of those exceeding 10,000 tons there are now building thirty, as compared with forty-two this time last year.

Notice to Mariners

Mariners are herewith notified that a new beacon supporting a fixed red light and a fog bell is now established at Burnaby Shoal, Vancouver Harbor. The beacon consists of twelve piles surmounted by a platform six feet square, which supports a fog bell operated by electricity and rings two strokes in quick succession every five seconds in foggy weather; an electric light showing a fixed red light is placed upon the bell apparatus.

The float formerly supporting a light in this position will be removed as early as possible.

A fog bell has been established at Addenbroke Island and will be operated in conjunction with the lighthouse at that point. The characteristics of the bell will be announced at an early date.

COMING EVENTS

Children Aid Meeting—The annual meeting of the Children's Aid Society will meet at the City Hall on Wednesday afternoon at 3:30.

Gonzales Chapter—The regular meeting of the Gonzales Chapter, I. O. D. E., will be held today, May 12, at 3 p. m., at Mrs. Sampson's house, Newport Avenue. All members are asked to attend.

Native Sons of B. C.—Tonight, Tuesday, is the regular meeting night of Post No. 1, Native Sons of B. C. The lodge will receive an official visit from the grand factor, and His Honor Judge Howay, of New Westminster, will be present and deliver a pioneer address. All members of the society are urgently requested to attend. Any pioneer of British Columbia is cordially invited to be present. The lodge will meet at 7:30, and the visitors will be welcome to attend at 8:30.

Irrigation in Alberta

CALGARY, Alta., May 11.—Approximately 400,000 acres of land in the southern portion of Alberta will be put under irrigation by the Dominion Government, or by the municipalities which obtain from the Government the right to operate a system of irrigation in the various districts, some time in the near future, according to the statement of F. H. Peters, Irrigation Commissioner for the Dominion, with headquarters in Calgary.

A device to push a workman's hand out of the way of danger when feeding a platen press has been patented in the United States and England by an English inventor.

Ladies' Wool Sweaters in the New, Bright Shades for Sports and Outing Wear

SPORTS COATS are certainly all the rage in the new, bright shades, and the manufacturers of Woolen Sweaters have competed with their rivals and are now making attractive Sweater Coats in all the new, bright shades.

These Coats are suitable for wear the year round, and are especially adapted for sports and outing wear.

At $1.50 we are making a very special offering in a nice woolen Sweater. This comes in a fancy knit, coat shape; with plain knit band outlining neck and down front, patch pockets. In misses' and small women's sizes only. A splendid Coat for those who wish for an inexpensive garment.

At $3.75 we have a very attractive offering. This is a regular Shakerknit Sweater, made in coat style with Spalding collar and patch pockets; a beautiful quality and usually sold at $4.75. In colors smoke, scarlet, cardinal, grey, fawn, white, myrtle and navy.

At $4.75 a beautiful quality Shakerknit Sweater, made in coat shape, with roll collar and swing pockets, all woven in one piece; in all the new popular shades of purple, cerise, old rose, tango, king's blue, brown, white, emerald, grey and slate.

Sol Duc—Right From the Famous Springs to Your Home at the Following Prices:

NO need to spend time and money going to Sol Duc to take the waters; you can have them delivered to your home straight from the famous springs. This water is now being recognized as a valuable curative agent for various complaints, more especially rheumatism, sciatica, lumbago, also skin eruptions, such as boils, pimples, blackheads, eczema and kidney trouble. We carry it in two kinds, plain still water, as it is bottled at the spring, and aerated sparkling.

Our prices, delivered at your home, are as follows:

STILL OR SPARKLING			
Quarts, each	25c	Pints, per case of 100	$12.50
Quarts, per dozen	$2.50	Splits, 2 for	25c
